**MEMORANDUM AND ORDER**

**I. Introduction**

The above captioned matter is before the Bucks County Court of Common Pleas pursuant to §§ 3146.8 and 3157(a) of the Pennsylvania Election Code. 25 P.S. §§ 3146.8, 3157(a). Petitioners are asking the Court to reverse the Decision of the Bucks County Board of Elections relevant to certain ballots which were received by the Board of Election as part of the General Election which took place November 3, 2020. The Petitioners are Petitioner Donald J. Trump for President, Inc.<sup>1</sup>; Petitioner Republican National Committee<sup>2</sup>; Petitioner

---

<sup>1</sup> Petitioner Donald J. Trump for President, Inc. is the principle committee for the reelection campaign of Donald J. Trump, the forty-fifth President of the United States of America. Petitioner Donald J. Trump for President, Inc. is bringing this action for itself and on behalf of its candidate President Trump.

<sup>2</sup> Petitioner Republican National Committee is the national political committee that leads the Republican Party of the United States. It works to elect Republican candidates to State and Federal Offices throughout the United States, including the Commonwealth of Pennsylvania. Petitioner Republican National Committee is bringing this action for itself and on behalf of the Republican Party, all of its members, all registered Republican voters, and all nominated Republican candidates in the November 3, 2020 General Election in Pennsylvania.

Heidelbaugh for Attorney General, Inc.<sup>3</sup>; and Petitioner Garrity for PA<sup>4</sup>. This matter has also been improperly captioned as "Donald J. Trump for President, Inc., et al. vs. Bucks County Board of Elections". The Respondent is the Bucks County Board of Elections<sup>5</sup> (hereinafter referred to as "Board"). Parties also include the Democratic National Committee<sup>6</sup>, the Bucks County Democratic Committee<sup>7</sup>, and the Pennsylvania House Democratic Campaign Committee<sup>8</sup>; these parties were permitted to intervene without objection.

---

<sup>3</sup> Petitioner Heidelbaugh for Attorney General, Inc. is the principal committee for the election campaign of Heather Heidelbaugh for the office of Attorney General of Pennsylvania. Heidelbaugh is the Republican candidate for the office of Attorney General of Pennsylvania in the November 3, 2020 General Election. Petitioner Heidelbaugh for Attorney General, Inc. is bringing this action for itself and on behalf of its candidate.

<sup>4</sup> Petitioner Garrity for PA is the principle committee for the election campaign of Stacy L. Garrity for the Office of Treasurer of Pennsylvania. Stacy L. Garrity is the Republican candidate for the office of the Treasurer of Pennsylvania in the Election of November 3, 2020. Petitioner Garrity for PA is bringing this action for itself and on behalf of its candidate.

<sup>5</sup> Respondent Bucks County Board of Elections is responsible for overseeing the conduct of elections in Bucks County, including the administration of the pre-canvass and canvass sessions of the Board during which absentee and mail-in ballots were opened, reviewed, and counted, as required by the Election Code.

<sup>6</sup> The Democratic National Committee is a national committee dedicated to electing local, state, and national candidates of the Democratic Party to public office throughout the United States, including Pennsylvania. The Democratic National Committee has members who submitted absentee and mail-in ballots in the November 3, 2020 General Election.

<sup>7</sup> The Bucks County Democratic Committee is a local committee with a mission of electing qualified members of the Democratic Party to local office at all levels of government. The Bucks County Democratic Committee has members and constituents across Bucks County who submitted absentee and mail-in ballots in Bucks County in the November 3, 2020 General Election.

<sup>8</sup> The Pennsylvania House Democratic Campaign Committee is a state committee dedicated to electing local members of the Democratic Party to the Pennsylvania House of Representatives. The Pennsylvania House Democratic Campaign Committee has members and constituents who submitted absentee and mail-in ballots in Bucks County in the November 3, 2020 General Election.

In this appeal, Petitioners argue<sup>9</sup> that the Board violated State Law when it failed to reject certain specific ballots, and over objection, accepted the ballots as valid votes of Bucks County citizens. The Respondent, as part of its statutory duties, sorted through and reviewed approximately 165,000 total absentee and mail-in ballots. In this process, the Respondent Board deemed a total of 918 ballots to be legally insufficient, and therefore, those specific ballots were not canvassed; in other words, the ballots were rejected. These ballots were not rejected because there was a finding that the person submitting the ballot was not authorized to vote, but rather because of some deficiency required by the Election Code, such as a lack of signature or a lack of privacy envelope.

The actual vote offered on any of those rejected ballots is unknown. Whether or not a specific vote on any of those ballots would be for or against any of the Petitioner candidates, or their opponents is unknown. There are 2,177 ballots are at issue in this case being challenged by the Petitioners.

This decision will be abbreviated because of time constraints caused by the need for a prompt resolution of the issues presented to allow for certification of votes. Should an appeal be filed the Court reserves the right to supplement this Memorandum with additional facts and law<sup>10</sup>.

<sup>9</sup> On the day of the hearing, Petitioners were solely represented by Britain R. Henry, Esquire. Other attorneys had entered their appearance and represent all the Petitioners for purposes of the record. Attorney Henry confirmed that he had the authority to speak for all Petitioners, but that he was proceeding primarily on behalf of Petitioner Donald J. Trump for President, Inc.

<sup>10</sup> While drafting this Memorandum and Order, the Court has learned that the Supreme Court of Pennsylvania has Exercised Extraordinary Jurisdiction over the some of the Commonwealth Courts cases with respect to Election Code issues similar to the ones at issue herein. In Order to expedite the completion of this Memorandum and Order, this

After careful deliberation and study of the relevant statutory and appellate case law, the undersigned is confident that the final decision is correct. However, the electorate and the various county boards of elections would benefit from clear precise legislation on the subjects presented in this appeal. It must be noted that the parties specifically stipulated in their comprehensive stipulation of facts that there exists no evidence of any fraud, misconduct, or any impropriety with respect to the challenged ballots. There is nothing in the record and nothing alleged that would lead to the conclusion that any of the challenged ballots were submitted by someone not qualified or entitled to vote in this election. At no time did Petitioners present evidence or argument to the contrary. The challenges are all to form rather than substance but premised on specific statutory language which Petitioners argue supported the issues presented. There is insufficient time for this Court to construct a comprehensive response to all issues raised but hopefully this decision will provide an explanation for the Court's reasoning.

## **II. Undisputed factual record**

Upon assignment of this case the undersigned issued scheduling orders including an order that the parties meet prior to the date of the hearing on this matter to craft a stipulation of undisputed facts. Counsel for the parties did an excellent job crafting 47 paragraphs of stipulated facts. The stipulation was

Decision will not cite all of the legal authority reviewed and considered and which supports each and every conclusion. The Intervenors in this case, and the Respondent, submitted ample legal authority for their positions, and this Court will presume that all Appellate Judges reviewing this Decision will be familiar with the body of Election Law which defines and establishes broad principles of law, which for purposes of Petitioners' Appeal have not been challenged by any party, but which would normally be cited for completeness as a matter of course.

presented to the court during the on the record conference held the morning of the hearing. Stipulated Facts, Ct. Ex. 1. The hearing was held in the afternoon of November 17<sup>th</sup>, 2020. The stipulation of facts also included exhibits. During both the conference and the hearing, counsel were frequently questioned whether everyone agreed to something stated by an attorney or the Court. The record has not been transcribed and is not available to the Court at this time, and for that reason, there will be no references to a transcript. However, the Court is confident that the facts stated herein were agreed to by all parties on the record.

On November 7<sup>th</sup>, 2020 during the course of the canvass meeting of mail-in and absentee ballots, and in the presence of interested authorized representatives of the various candidates, the Respondent Board met to determine whether declarations on the envelopes of certain ballots were "sufficient" pursuant to the mandate of 25 P.S. § 3146.8(g)(3). 3,095 specific ballots had been identified and placed in different categories based on a possible deficiency of the ballot. The physical ballots were separated from the other ballots and secured along with all ballots of the same category. The Board made findings and decisions with respect to ten different categories of ballots, accepting some categories for canvassing and excluding others, as reflected in the Board's written decision made part of the record. The meeting and vote were conducted in the presence of authorized representatives of both Republican and Democratic candidates and parties. No one objected to or challenged the segregation of ballots into the designated categories. No one has appealed the

Board's decision to exclude 918 ballots for various reasons set forth in its written Decision. The only appeal has been from the Board's decision to not exclude certain ballots.

The parties' stipulation of facts identified the six categories which were challenged by Petitioners. During the hearing, counsel for Petitioner withdrew the challenge of category 6 and reduced the challenge of category 4. As a result, the following are the categories at issue for this decision:

- Category 1: 1196 ballots with no date or a partial date handwritten on the outer envelope;
- Category 2: 644 ballots with no handwritten name or address on the outer envelope;
- Category 3: 86 ballots with a partial written address on the outer envelope;
- Category 4: 182 ballots with a mismatched address on the outer envelope; and
- Category 5: 69 ballots with "unsealed" privacy envelopes.

The ballots in category 1 were deemed to be sufficient by the Respondent Board, and as a result they were canvassed. During oral argument the Court inquired whether it would be possible to segregate that category of ballots into two separate groups, one being ballots with no date and the other being ballots with a partial date. The Respondent Board has explained that the ballots were canvassed and cannot be retrieved as two separate groups. This Court believes

that the category as identified should have been segregated into two separate groups, however that was not done. All the ballots in this category are mingled together and a decision on those ballots must now accept this fact. Should this Court or an appellate court conclude that the absence of any date would invalidate a ballot but that a partial date would preserve the ballot the Court would be faced with the fact that invalidating the entire category would disenfranchise voters that had properly submitted their ballot. No record has been created to determine the exact number of ballots with no date versus ballots with a partial date. This Court concluded that to order a further review would be a futile exercise under the circumstances and now accepts the factual situation for what it is.

### III. Discussion

Petitioners' Appeal as pled is limited to the argument that the Board's Decision to validate (and not reject) each of the ballots which have been categorized into five separate distinct groups was an "error of law." Petitioners have pled, in their challenge, that each category of ballots represents a violation of a specific provision of the Election Code citing §§ 3146.6(a) and 3150.16(a).

Although all provisions of the Election Code should be strictly enforced, the ultimate goal as confirmed by case law is to enfranchise voters, not to disenfranchise them. In re Wieskerger, 290 A.2d 108, 109 (Pa. 1972). The Court "cannot ignore the clear mandates of the Election Code." In re Canvass of Absentee Ballots of Nov. 4, 2003 Gen. Election, 843 A.2d 1223, 1231 (Pa. 2004)

[hereinafter "Appeal of Pierce"]. But, the Court must be flexible in favor of the right to vote. Wieskerger, 290 A.2d at 109; Appeal of Pierce, 843 A.2d at 1231.

In an attempt to balance those two overriding principles, the Pennsylvania Supreme Court has ruled that certain provisions of the Election Code are mandatory, and some are directory. Specifically, the Pennsylvania Supreme Court has identified and explained principles of law which control the argument set forth by the litigants herein, which provides guidance and clear direction to this Court. Ballots should not be disqualified based upon failure to follow directory provisions of the law. Shambach v. Bickhart, 845 A.2d 793, 803 (Pa. 2004) (holding that although the Election Code provides that an elector may cast a write-in vote for any person not printed on the ballot, a write-in vote for a candidate whose name in fact appears on the ballot is not invalid where there is no evidence of fraud and the voter's intent is clear); Wieskerger, 290 A.2d at 109 (holding that the elector's failure to mark the ballot with the statutorily enumerated ink color does not render the ballot invalid unless there is a clear showing that the ink was used for the purpose of making the ballot identifiable or otherwise indicating fraud). There is an important difference between mandatory and directory provisions of law: failure to strictly adhere to the requirements of a directory statute will not nullify the validity of the action involved, whereas mandatory provisions must be followed.

Applying the law to the facts of this case, this Court is mindful of the following facts which are set forth in the parties' stipulation of facts. Petitioners do not

allege that there is any evidence of fraud, misconduct, impropriety, or any undue influence committed with respect to the challenged ballots. There is no suggestion, evidence, or allegation that the electors who cast the ballots at issue were ineligible to vote in this election. There is no suggestion, evidence, or allegation that the challenged ballots were cast by someone other than the elector whose signature was on the outer envelope. No mail-in or absentee ballots were mailed out to electors before October 7<sup>th</sup>, 2020. The ballots which are the subject of this challenge were timely received by the Respondent Board before 8:00 PM on Election Day, November 3<sup>rd</sup>, 2020.

Petitioners raise challenges under Section 3146.6 and 3150.16 of the Election Code. These provisions are nearly identical, but one is applicable to absentee ballots while the other is applicable to mail-in ballots. Section 3146.6(a) provides for voting by absentee electors:

Except as provided in paragraphs (2) and (3), at any time after receiving an official absentee ballot, but on or before eight o'clock P.M. the day of the primary or election, the elector shall, in secret, proceed to mark the ballot only in black lead pencil, indelible pencil or blue, black or blue-black ink, in fountain pen or ball point pen, and then fold the ballot, enclose and securely seal the same in the envelope on which is printed, stamped or endorsed "Official Election Ballot." This envelope shall then be placed in the second one, on which is printed the form of declaration of the elector, and the address of the elector's county board of election and the local election district of the elector. The elector shall then fill out, date and sign the declaration printed on such envelope. Such envelope shall then be securely sealed and the elector shall send same by mail, postage prepaid, except where franked, or deliver it in person to said county board of election.

25 P.S. § 3146.6(a). Section 3150.16(a) provides for voting by mail-in electors:

At any time after receiving an official mail-in ballot, but on or before eight o'clock P.M. the day of the primary or election, the mail-in elector shall, in secret, proceed to mark the ballot only in black lead pencil, indelible pencil or blue, black or blue-black ink, in fountain pen or ball point pen, and then fold the ballot, enclose and securely seal the same in the envelope on which is printed, stamped or endorsed "Official Election Ballot." This envelope shall then be placed in the second one, on which is printed the form of declaration of the elector, and the address of the elector's county board of election and the local election district of the elector. The elector shall then fill out, date and sign the declaration printed on such envelope. Such envelope shall then be securely sealed and the elector shall send same by mail, postage prepaid, except where franked, or deliver it in person to said county board of election.

25 P.S. § 3150.16(a).

Pursuant to these provisions of the Election Code, Petitioners challenge ballots that were set aside for specific review in the following categories<sup>11</sup>:

1. No date or partial date,
2. No printed name or address,
3. Partial address,

---

<sup>11</sup> There has been no challenge to the Board's Decision to set aside and not count ballots in the following categories:

- a. 110 ballots that failed to include a signature, which the Board ruled rendered the ballot "insufficient" and therefore it was not canvassed;
- b. 12 ballots where the elector's printed name did not match the name on the label located on the envelope;
- c. 2 ballots which came from the same household where the voters appeared to have inadvertently signed one another's declarations;
- d. 708 ballots which were not placed in a secrecy envelope thereby rendering them to be "naked"; and
- e. 21 ballots which contained secrecy envelopes with writing that revealed the elector's identity.

See Written Decision of Board.

4. Mismatched address, and
5. Unsealed privacy envelopes.

The relevant portion of the Election Code set forth above uses mandatory language which provides that electors "shall" take certain steps when submitting an absentee or mail-in ballot. Importantly, "the elector **shall** . . . fold the ballot, enclose and securely seal the same in the envelope on which is printed, stamped or endorsed 'Official Election Ballot.'" 25 P.S. §§ 3146.6(a), 3150.16(a) (emphasis added). And, "[t]he elector **shall** then fill out, *date* and *sign* the declaration printed on such envelope." *Id.* (emphasis added). Although not relevant to this decision, there is additional mandatory language in this provision of the Election Code: "[t]his envelope **shall** then be placed in the second one, on which is printed the form of declaration of the elector, and the address of the elector's county board of election and the local election district of the elector"; "[s]uch envelope **shall** then be securely sealed"; and "the elector **shall** send same by mail, postage prepaid, except where franked, or deliver it in person to said county board of election." *Id.* (emphasis added).

Mandatory language is used throughout the Election Code. "Pennsylvania's Election Code, no less than any other, is steeped with requirements phrased in the imperative, not only in terms of the technical requirements for ballot completion, but also in terms of the overall conduct of elections." *Bickhart*, 845 A.2d at 806 (Saylor, C.J., concurring). Because of the excessive use of imperative language in the Election Code, the Supreme Court has distinguished between provisions that

are directory and those that are mandatory. "It would be unreasonable to assume that the General Assembly thus intended that, unless each and every such requirement [using imperative language] is strictly adhered to by those conducting the elections, election results must be deemed void." Id. If the provisions are read as directory, although "they are intended to be obeyed, and will be enforced if raised before or during an election, [they] do not require invalidation of the election or disenfranchisement of electors where discovered in the election aftermath." Id. at n.2.

Respondent and Intervenors argued that even when imperative language such as "shall" is used in the statute, it is not necessarily mandatory language; it can, in fact, be used in directory provisions. Respondent and Intervenors argued that looking to the consequence of non-compliance with the provision determined whether the provision was mandatory or directory; the inquiry did not end with the plain language of the Election Code.

In support of this argument, Respondent and Intervenors relied on the Pennsylvania Supreme Court's opinion in Boockvar, where the inquiry was to determine whether the Election Code allowed a board to void ballots that were not within a secrecy envelope. Pa. Democratic Party v. Boockvar, No. 133 MM 2020, 2020 Pa. LEXIS 4872, at \*57 (Pa. 2020 Sept. 17, 2020). "In determining the propriety of naked ballots, we must ascertain the General Assembly's intention by examining the statutory text of the secrecy envelope provision to determine whether it is mandatory or directory, as that will govern the consequences for non-

compliance." 2020 Pa. LEXIS 4872, at \*66. The Court ruled that "the difference between a mandatory and directory provision is the consequence for non-compliance: a failure to strictly adhere to the requirements of a directory statute will not nullify the validity of the action involved." Id. (quoting JPay, Inc. v. Dep't of Corrs. & Governor's Off. of Admin., 89 A.3d 756, 763 (Pa. Cmwlth. 2014)). The Court distinguished the statutory provision at issue from those involved in cases where imperative language was found to be directory. Specifically, it distinguished Bickhart and Wieskerger. Id. at \*68-69. In both of those cases, the Court found that ballots with "minor irregularities" should only be stricken when there is a compelling reason to do so. In Bickhart, the Court counted a ballot where a candidate who was already named on the ballot was written in by the elector. Bickhart, 845 A.2d at 803. In Wieskerger, the Court counted a ballot that was completed in the wrong color ink. Wieskerger, 290 A.2d at 109. "Marking a ballot in voting is a matter not of precision engineering but of an unmistakable registration of the voter's will in substantial conformity to statutory requirement." Id. (quoting Reading Election Recount Case, 188 A.2d 254, 256 (Pa. 1963)).

In contrast, in Appeal of Pierce, where the provision at issue was the "in-person" delivery requirement, the Pennsylvania Supreme Court found this provision "unambiguously provided that 'the elector shall send [the absentee ballot] by mail, postage [prepaid], except where franked, or deliver it in person to [said county] board of election.'" Boockvar, 2020 Pa. LEXIS 4872, at \*70. The Court "was unpersuaded by the argument that the language was directory and

declined the invitation to interpret 'shall' as anything less than mandatory." Id. "The word 'shall' carries an imperative or mandatory meaning." Appeal of Pierce, 843 A.2d at 1231. In Appeal of Pierce, the Supreme Court distinguished Wieskerger based on the fact that it was "decided before the enactment of the Statutory Construction Act, which dictates that legislative intent is to be considered only when a statute is ambiguous." Id. The Pennsylvania Supreme Court stated that to construe the provision at issue, which utilized the word "shall," as "merely directory would render its limitation meaningless and, ultimately, absurd." Id. at 1232. The Court stated that "precedent is clear: we cannot simply ignore substantive provisions of the Election Code." Id. at 1234. "[S]o-called technicalities of the Election Code are necessary for the preservation of secrecy and the sanctity of the ballot must therefore be observed." Id.

Being mindful of the Pennsylvania Supreme Court's recent rulings, interpreting the current Election Code, this Court finds the following with respect to each category:

1. Category 1: 1196 Ballots With No Date or a Partial Date Handwritten on the Outer Envelope

As mentioned, when setting aside ballots because of deficiencies in the completion of the declaration, the Board combined those ballots which had a partial date with those that had no date into one category. This category commingles what this Court considers two separate categories: ballots with no dates and ballots with partial dates. There are an undefined number of ballots with

absolutely no date whatsoever and an undefined number of ballots that were dated in some fashion, but where the date was considered to be partial. This Court would, with little hesitation, accept the argument that a deficiency (i.e., a partial date) on an envelope would not invalidate that ballot. The totality of the circumstances confirms that the ballot was signed on a date that qualified the ballot because the parties stipulated in their stipulation of facts at ¶ 44 that "challenged ballots were completed and received between October 7<sup>th</sup> and November 3<sup>rd</sup>, 2020." Therefore, these ballots would meet the requirement that the elector "shall fill out, date and sign the declaration" as stated in Sections 3146.6 and 3150.16 of the Election Code. See 25 P.S. §§ 3146.6(a), 3150.16(a). Within this subcategory, the elector would have complied with the law's mandate that "[t]he elector **shall** then fill out, date and sign the declaration printed on such envelope." Id. (emphasis added).

With respect to a subcategory of ballots which were completely undated, this Court finds that the question before the Court is much more complicated. Respondent and Intervenors passionately argue that the mandate to "date" is directory only and the totality of the evidence proves that the ballots were signed on a date consistent with the law. This Court agrees with the conclusion that the totality of the evidence, stipulated to by the parties, proves that the ballots were signed on some date appropriate to the Election Law; however, the only specific guidance available to this Court, on this subject, is found in In re Nov. 3, 2020, Gen. Election, No. 149 MM 2020, 2020 Pa. LEXIS 5560, at \*36 (Pa. Oct. 23, 2020), where

the Pennsylvania Supreme Court specifically ruled on the Board's duty to determine the sufficiency of the Declaration on the envelope. The Pennsylvania Supreme Court has provided this Court, and all Board of Elections, with this mandate:

Both sections [3146.6(a) and 3150.16(a)] require that the elector "fill out, date and sign the declaration." Thus, in determining whether the declaration is "sufficient" for a mail-in or absentee ballot at canvassing, **the county board is required to ascertain whether the declaration on the return envelope has been filled out, dated, and signed.** This is the extent of the board's obligation in this regard. In assessing a declaration's sufficiency, there is nothing in this language which allows or compels a county board to compare signatures. Accordingly, we decline to read a signature comparison requirement into the plain and unambiguous language of the Election Code, as Intervenor urge us to do, inasmuch as the General Assembly has chosen not to include such a requirement at canvassing.

2020 Pa. LEXIS 5560, at \*36 (emphasis added).

Intervenor and Respondent argued to this Court that the language of the Pennsylvania Supreme Court was dicta as it relates to the words "dated and signed". Ultimately, an Appellate Court may rule that the language was merely dicta; however, the undersigned feels constrained to follow the clear language of the Pennsylvania Supreme Court's Decision with respect to this issue. A studied review of election law has demonstrated to the undersigned that many sections of the Election Law which were ultimately concluded to be directory rather than mandatory despite the use of the word "shall", went through a gauntlet of judicial opinions with varying views up until the question was resolved by the Pennsylvania

Supreme Court. See Appeal of Pierce, 843 A.2d 1223 (Pa. 2003); Bickhart, 845 A.2d 793 (Pa. 2004).

In reflecting on this issue, the undersigned cannot help but see the irony in the fact that the absence of a signature invalidates the ballot. Respondent refused to Canvass ballots that had not been signed. However, if someone put an obviously false signature on the ballot, the ballot would have been most probably counted because the Court has also ruled that nothing in the language of the Statute compelled a County Board to compare the signature; whereas if someone put a date on the envelope which demonstrated that the vote was made at an improper time, ~~that~~ fact would be readily apparent to the Board when Canvassing and it would result in a ballot being set aside. During oral argument, the Court pointed out ~~that~~ virtually all-important documents are dated when signed. If these two subcategories of ballots had not been co-mingled, and if it were possible to segregate those ballots which had no date at all, this Court would have reflected on the issue further, searched for additional legal authority, but most probably would have ruled that an undated ballot is not sufficient based on the existing law set by the Pennsylvania Supreme Court's ruling in In re Nov. 3, 2020 Gen. Election. However, the ballots were co-mingled and therefore there is no practical way to discard those un-dated ballots without disenfranchising electors whose ballots (partially dated) this Court would conclude are valid.

The act of co-mingling those ballots was done in the presence of both Republican and Democratic representatives. All candidates had the right to

have a representative present when the Board issued its ruling. The representatives present were specifically named in the Stipulated Findings of Fact. Pursuant to this Court's Scheduling Order, those representatives received a copy of Petitioners' Petition and notice of the hearing. Only one of the named representatives participated in the hearing. The undersigned noted, on the record, that he was personally familiar with the lawyers who were acting as representatives and knew them to be bright, articulate people, not shy or reluctant to speak out. Those lawyer/representatives all knew how to contact the Bucks County Court of Common Pleas, and therefore, any or all of them could have insisted on subcategorizing this category of ballots before they were co-mingled.

This issue identified by the undersigned has effectively created a waiver issue for these ballots. This Court specifically finds with respect to these specific ballots that it would be unfair and improper to disenfranchise the undefined number of electors who issued a proper ballot, simply because their ballot was co-mingled with what the undersigned would have felt compelled under current law to deem "insufficient".

Upon review of this issue by an Appellate Court, this Court urges consideration to the issue of co-mingling and this Court's ruling that the issue has been waived. The issue of co-mingling was before the Pennsylvania Supreme Court in Appeal of Pierce, and is noted at footnote 16. See Appeal of Pierce, 843 A.2d at 250, n.16

There, the Court declined to rule on the validity of a co-mingled ballot because the issue was not preserved.

2. Categories 2-4: 644 Ballots With No Handwritten Name or Address on the Outer Envelope, 86 Ballots With a Partial Written Address on the Outer Envelope, and 182 Ballots With a Mismatched Address on the Outer Envelope

The 644 ballots with no handwritten name or address on the outer envelope, the 86 ballots with a partial written address on the outer envelope, and the 182 ballots with a mismatched address on the outer envelope should be counted as these errors are ministerial, technical errors. Failure of the elector to complete this information is not an error of law. Although the provision in question requires an elector to "fill out" the declaration, there is no requirement that filling out the declaration needs to include handwriting the elector's name and address. Even following a strict construction of the Election Code language, as urged by Petitioners, these "errors" (failure to adequately complete information on the outer envelope) are not mandated by the statute. Rather, these errors are "minor irregularities," which should not invalidate ballots. As with the Supreme Court's decision in Bickhart and Wieskerger, the minor irregularity of a lack of a complete handwritten name or address is not necessary to prevent fraud, and there would be no ~~other~~ significant interest undermined by allowing these ballots to be counted.

3. Category 5: 69 Ballots With "Unsealed" Privacy Envelopes

The ballots at issue in this category are not "naked ballots," which would be invalid pursuant to the Supreme Court's decision in Boockvar, 2020 Pa. LEXIS 4872, at \*73. Rather, these ballots were enclosed within their respective privacy envelopes; however, those envelopes were not sealed at the time of canvassing. There is no factual evidence that supports a conclusion that the envelopes had not been sealed by the elector prior to that time. In the stipulation of facts at ¶ 46, the parties stipulated "[w]ith respect to Category 5 (69 ballots in "unsealed" privacy envelopes), Defendant could not determine whether the privacy envelopes were initially sealed by the elector but ~~later~~ became unsealed." Therefore, this Court finds there is no evidence that the electors failed to "securely seal [the ballot] in the [privacy] envelope," as required by the Election Code. The elector was provided the envelope by the government. If the glue on the envelope failed that would be the responsibility of the government. There is insufficient evidence to determine whether the specific language of the mandated law was violated. This Court finds it would be an injustice to disenfranchise these voters when it cannot be shown that the ballots in question were not "securely sealed" in the privacy envelope prior to the canvassing of those ballots, and for all of the reasons stated previously, there has been no suggestion or evidence that the absence of a sealed inner envelope in anyway jeopardized the privacy of the ballot.

**IV. Conclusion**

For the reasons set forth herein above, the objections to the ballots of Petitioner Donald J. Trump for President, Inc., et al. are all OVERRULED, the requests for relief made therein are DENIED and the Appeal is DISMISSED.
