As a United States representative, I swore an oath to uphold and defend the Constitution, no matter how difficult or divisive the issue at hand. And when it comes to certifying a state's electoral votes, the Constitution is clear: state legislatures set the rules for states in conducting their elections. However, that simply was not the case in certain states in 2020.

Two states in particular, Pennsylvania and Arizona, faced objections in the House and Senate to their electoral vote allocations, prompting floor votes in both chambers. I voted to object to the electoral votes of both states because, in my belief, they failed to meet that constitutional standard. The deeply troubling scenes at the U.S. Capitol yesterday indicate the intense distrust that many Americans have towards the election process. If we have any hope of restoring that faith and healing the deep divisions in our country, our efforts must be rooted in constitutional principles and fair elections.

“If we are truly going to begin the work of healing the deep divisions in America, we must first turn down the temperature and tone down the rhetoric. I fear that efforts to impeach President Trump or force Vice President Pence to invoke the 25th Amendment will only make a bad situation worse. Therefore, I strongly oppose Speaker Pelosi on both tactics, which are being rushed through Congress with unprecedented speed and little opportunity for the president to defend himself. President Trump has committed to a peaceful transition of power one week from today; and we would all be best served by dedicating that short time to making the process as seamless as possible.”

We will soon be learning about the word "courage", and saving our Country. President [@realDonaldTrump](#) received hundreds of thousands of legal votes more, in all the Swing States, than his corrupt opponent. ALL Data shows that it was impossible for him to lose, unless FIXED!

Rep-elect Mary Miller (IL-15) Stands with President Trump and will Object to Tainted Election Results

"I promised to stand with President Trump, and I will keep that promise."

December 29th, 2020
For Immediate Release

Oakland, IL –Mary Miller, Congresswoman-elect (IL-15), joins patriotic leaders across the nation in announcing her intent to object to the Electoral College Results.

"I am fighting for the people of my district and with President Trump to ensure the integrity of our elections," pledged Congresswoman-elect Mary Miller. "I promised to stand with President Trump, and I will keep that promise. It is my responsibility to the great people of Illinois to object to the Electoral College Certification."

Congresswoman-elect Mary Miller will be sworn-in on January 3rd, 2021. One of her first actions as a Congresswoman will be to take on the Washington Swamp that has thwarted the will of the American people and President Trump at every turn over the last four years.

"For four years, Nancy Pelosi and the Washington Swamp tried to undermine our duly elected President Trump. Sticking to form, they refuse to allow any investigations into election fraud because they know even a glancing review would uncover the greatest heist of the 21st century," said Mary Miller. "I will continue to make good on my pledge to fight for the interests of the men and women of the 15th district."

Mary Miller is the Conservative Congresswoman-elect for Illinois' 15th Congressional. She is a mother, a grandmother, a farmer, and a business manager in Oakland, Illinois. Her anti-establishment campaign for Congress was supported by President Trump and earned the votes of over 73% of the voters in the district.

Video: “Well, I definitely think that that’s a possibility [Democrats will sweep electoral fraud under the rug]. The Democrats go to win at all costs. And we’ve seen that before and I don’t trust them and I don’t see what’s wrong with an investigation. If there’s no irregularities, why do they care? ... It’s a fact that in the battleground states, officials took it upon themselves to usurp the legislative authority to direct the manner that the elections should be held. It was six states now, it’ll be 20 states next time.”

The election was undermined before it ever got to Congress. It's a shame that our institutions have failed us to uphold election integrity. I joined Fox News this morning to explain my position on today's vote.

Let me be clear. I would never glorify a genocidal dictator. It's the left's propaganda that controls the youth, and social media is utilized as a machine to do this. We need to restore our nation, and turn toward strong faith & family, and away from radical left-wing propaganda.

Congresswoman Miller's statement was a denunciation of evil dictators' efforts to re-educate young people and similar efforts by left-wing radicals in our country today.

Moments before a riotous mob stormed the US Capitol, Illinois state Representative Chris Miller, husband to Congresswoman Mary Miller, railed against “dangerous Democrat terrorists,” and said “we’re in a great cultural war to see which worldview will survive.”
