In no way does President Trump's decision to allow the GSA to make resources available to Biden and his team mean that President Trump has conceded, nor do I believe he should concede given the allegations currently being investigated.

We need to fight for [@realDonaldTrump](#) no matter what the pressures are.

If the other side wants to prove the election wasn't stolen, they should welcome a healthy discussion about election integrity.

Instead Dems want to silence all debate. This creates more suspicion.
