PETITIONERS' OPENING BRIEF

I. STATEMENT OF THE CASE

A. The Nature of the Case and Relief Sought

Petitioners request this Court to review the plan for the reapportionment of the state legislative districts, both Senate districts and House districts, adopted by the Oregon Legislature as SB 882 (2021) on September 27, 2021. Petitioners pray this Court issue an opinion and direct the Secretary of State to correct the reapportionment plan pursuant to this Court's opinion and Petitioners' arguments. Petitioners pray that this Court, in issuing its opinion, recognize that the Equitable Map Oregon Plan is a lawful reapportionment plan, and it meets constitutional and statutory requirements, and that this Court direct the Secretary of State to implement the Equitable Map Oregon Plan in place of SB 882.

B. The Nature of the Judgment Reviewed

There is no judgment below. Petitioners pray this Court review the redistricting plan for state legislative districts as enacted by the Legislature as SB 882 (2021).

C. Basis for Supreme Court Jurisdiction

The Oregon Supreme Court has original jurisdiction over the review of the Legislature's 2021 redistricting plan for the Oregon Legislative districts, both Senate and House. Or Const, Art IV, § 6(2); *See State ex rel Kotek v. Fagan*, 367 Or 803 (2021); ORAP 11.35(1) (temp. eff. Aug. 1, 2021, to Dec. 31, 2022).

D. Date of Judgment and Appeal.

The Oregon Legislature's reapportionment plan for state legislative districts was enacted on September 27, 2021. This Court has set a deadline of 5:00 p.m., PST, on October 25, 2021, for filing a petition for review. ORAP 11.35(1) (temp. eff. Aug. 1, 2021, to Dec. 31, 2022). Petitioners' Petition for Review is timely served and filed on October 25, 2021.

E. Question Presented on Review

1. Did the Oregon Legislature's redistricting process violate Oregon ORS 188.010(2) and ORS 188.016?

F. Summary of Argument

The process which the Legislature used to redraw Oregon's state legislative district maps violated ORS 188.010(2) and ORS 188.016. The process limited testimony to partisan maps, resulted in partisan outcomes, and did not follow the hearing requirements of ORS 188.016.

G. Summary of Facts

The Legislature passed its new maps on September 27, 2021, as SB 882. ER-27 to 96. Despite allowing the public to submit maps to the redistricting committees through the ESRI redistricting software located on Oregon's redistricting website¹, the Legislature did not consider any of these maps during

the times it was accepting oral testimony from the public. *See* Audio Recordings, Joint House/Senate Interim Committee on Redistricting Meetings, Sep. 8-10 & 13, 2021 (8:00 AM, 1:00 PM, and 5:30 PM each day, (comments at beginning of each meeting from Chair), <https://www.oregonlegislature.gov/redistricting> (accessed Oct. 25, 2021); *see also* ER-4. The Legislature only allowed oral testimony on maps from the Democratic and Republican caucuses. *Id.*

Although members of the public were allowed to submit their own versions of maps, there was no opportunity to present oral testimony about any of the public, nonpartisan maps. *Id.* At the beginning of each opportunity for the public to offer oral testimony during the House and Senate proceedings, the Co-Chairs of the House Redistricting Committee, Representative Shelly Boshart-Davis and Representative Andrea Salinas, and/or the Chair of the Senate Redistricting Committee, Senator Kathleen Taylor, declared that testimony would be limited to the committee maps only, not maps submitted by any member of the public. *Id.* Furthermore, the map passed by the Legislature was the map as proposed by the Democratic caucus.²

The Legislature held only remote meetings via livestream. The Legislature did not hold any meetings physically present in any Congressional district. *Id.* The Legislature did not hold any meetings physically present in areas that had experienced the largest shift in population since the previous apportionment. *Id.* The Legislature heard no public testimony after proposing SB 882. Measure Overview of SB 882, *Oregon Legislative Information System (OLIS)* <https://olis.oregonlegislature.gov/liz/2021S1/Measures/Overview/SB882> (accessed Oct. 25, 2021). Petitioners are aware of no evidence on the record that the Legislature ever made any finding of impracticability of holding hearings after SB 882 was proposed. *See* SB 882 at 1-2.

The maps as adopted by the Legislature are too large for meaningful submission with this Brief or with the Petition. The Senate Map is available at: [https://www.oregonlegislature.gov/redistricting/Map%20Files/Adopted%20Oregon%20Senate%20Map%20\(SB%20882\).pdf](https://www.oregonlegislature.gov/redistricting/Map%20Files/Adopted%20Oregon%20Senate%20Map%20(SB%20882).pdf). Petitioners request this Court take judicial notice of these maps.

II. FIRST ASSIGNMENT OF ERROR

The Oregon Legislature’s redistricting process violated Oregon ORS 188.010(2) and ORS 188.016.

A. Preservation

This matter comes before this Court for the first time because this Court has original jurisdiction over the review of the Legislature’s 2021 redistricting plan for state legislative districts. Or Const, Art IV, § 6(2); *See State ex rel Kotek v. Fagan*, 367 Or 803 (2021); ORAP 11.35(1) (temp. eff. Aug. 1, 2021, to Dec. 31, 2022).

B. Standard of Review

In reviewing a plan of reapportionment, this Court is “not to substitute its judgment about the wisdom of the plan.” *Ater v. Keisling*, 312 Or 207, 213 (1991). Rather, the task is to determine whether the Legislative Assembly has complied with Article IV, Section 6(1) “and all law applicable thereto.” Or Const, Art IV, § 6(2)(c)-(d). The laws most relevant to redistricting are those contained in ORS Chapter 188. *See Ater*, at 213. Finally, this Court’s review under ORS 188.010(2) is not to determine whether districts lean toward one party but whether there is anything in the record to show that districts purposely or “improperly” lean toward incumbents or political parties. *See Hartung v. Bradbury*, 332 Or 570, 599 (2001). There are no cases that lay out a specific standard of review for ORS 188.016.

C. Argument

The process by which the Oregon Legislature enacted SB 882 (2021) violated multiple provisions of Oregon law.

1. The redistricting process was in violation of ORS 188.010(2).

ORS 188.010(2) clearly bans partisan gerrymandering stating that, “[n]o district shall be drawn for the purpose of favoring any political party, incumbent legislator or other person.”

In creating SB 882, the Legislative Assembly based its map primarily on existing district lines. *See Generally*, ER-5 to 26 (Legislative Plan Summary from State Representative Andrea Salinas for SB 882 (Sep. 20, 2021) (<https://olis.oregonlegislature.gov/liz/2021S1/Downloads/FloorLetter/3312>) (accessed Oct. 25, 2021). This clearly violates ORS 188.010(2), as the effect of focusing on existing district lines as a starting point in reapportionment is that it favors incumbents.

Failure to consider non-partisan maps, or even allow testimony on those maps, even when their submission was allowed, violated ORS 188.010(2). This showed that the legislative districts were drawn not based on public input, but instead in regard to the preferences of Oregon’s two major political parties. The redistricting process was limited to maps that use political party preferences as a basis. This favored the two major political parties of Oregon, and nothing else. All of this is in violation of ORS 188.010(2).

The result of this is apparent in the Legislature's maps as one begins to examine state House districts. Eugene districts comprise of: 7 (+6D), 8 (+44D), 13 (+24D) and 14 (+18D). All four maintain strong Democratic advantages, despite being entirely surrounded by just two districts: 12 (+10R) and 9 (+14R) with strong Republican advantages. Districts 7 and 12 were clearly drawn to establish a Democratic advantage in 7 where Springfield and Thurston are divided from nearby communities of Pleasant Hill, Walterville, and Creswell.

The Bend area divides Redmond and isolates most of it from nearby Prineville. The 4 districts are: 53 (+2D), 54 (+20D), 55 (+34R), and 59 (+36R). District 53 consists of a narrow Democratic majority in a narrow geographic area that would otherwise favor Republicans. Republican voters were stacked heavily inside districts 55 and 59.

Salem has a very classic Gerrymandered shape and consists of six districts: 15 (+10R), 17 (+26R), 19 (+8D), 20 (+8D), 21 (EVEN), and 22 (+4D). Geographic boundaries and cities were entirely ignored in this tangle of partisanship. Keizer was bundled with downtown Salem to make it less competitive for the Republicans. These districts were drawn to stack Republican registration in 17 to protect or make competitive Democratic districts in 19, 21, and 22 with an inexplicable western border that runs through the middle of the east Salem suburbs, only touching a highway or freeway once it borders district 19.

Oregon City consists of 40 (+6D) and 51 (+20R). This was accomplished by bundling downtown Oregon City with heavily Democratic Gladstone and Milwaukie—rather than the traditional community connection of Oregon City and Canby. Connecting Oregon City with the rural areas of the same zip code would make more sense than bundling it with incorporated areas of Gladstone and Milwaukie. There is also no East/West transportation connector for the population centers of Canby to Sandy and Estacada without relying on back roads, which makes it cumbersome for a representative to travel his or her district.

Combining Damascus and Powell Butte in District 48 (+6D) is one of the most egregious examples of partisan gerrymandering on the map. Instead of connecting Damascus with Boring and Orient Drive, within its own county, the boundary takes a hard jog north to include East Portland in Multnomah County. There can be no other explanation other than gerrymandering for why these completely unrelated communities of deep east Portland and very rural Clackamas County should be combined. The adjacent district in Clackamas County is 51 (+20R).

It is no coincidence that the most puzzling borders exist in areas that at one time were represented in the legislature by Republicans. It appears that House Democrats were targeting advantages of 6 points where adjacent districts stacked Republican advantages of 20 or more percentage points, as they divided cities, and followed suburban neighborhood streets for borders.

These partisan outcomes were directly the result of the Legislature's failure to comply with ORS 188.010(2).

Petitioners request this Court to adopt Equitable Map Oregon.³ As Petitioners establish above, the failure to consider the publicly submitted maps resulted in a violation of ORS 188.010(2). Had the Legislature considered at least one of those maps, the Equitable Map Oregon Plan, a less partisan result would have resulted. *See* ER 1-3 (providing the rationale of the Equitable Map Oregon Plan).

Equitable Map Oregon is constructed specifically without consideration to existing legislative districts, sitting Representatives and Senators, and without regard to political party affiliations. Created entirely from a clean map, it unites communities of interest in maximally compact districts. No district deviates from the target population by more than 615 persons, which is less than 1% deviation. Borders follow county and city lines, major highways, rivers, and mountains. The

Equitable Map Oregon Plan strictly adheres to the requirements of the United States and Oregon Constitutions, and federal law as well as current Oregon statutes.

In this plan, districts are culturally congruent, as well as connected by transportation infrastructure. If a city is so large that it needs to be divided due to its size, then rivers, mountains, roads, and the city's own directional designations are used wherever possible.

The cities and communities clustered together in each district were presented into the record for consideration. ER 2-3. District labels would need to be assigned in a more contiguous manner, but each district's corresponding label and description is provided in the attached. *See* ER-4.

These cities and communities were selected to be represented in their entirety by a single legislative district whenever possible. It is designed to unite areas that are historically considered together in clusters because of common transportation infrastructure, culture, and geographic barriers. Communities of interest are be preserved.

Analysis of the Equitable Map Oregon Plan was run afterwards through "Plan Score – a project of the Campaign Legal Center." App-1 to 8. PlanScore is a legal, political science, and mapping technology experts use to tackle the challenge of making redistricting fair and easy to understand, and strongly supports every American's right to participate in the democratic process. The

Campaign Legal Center (CLC) advocates for fair maps and often serves as a resource for the media to understand how the redistricting cycle affects communities of interest.

The result of the PlanScore analysis for Equitable Map Oregon was tighter margins on nearly every metric, reflecting that when the effort of drawing boundaries is made without respect to the political consequences, the result is more balanced. App-1 to 8 (compared to App-9 to 16 (which scores SB 882)). The Equitable Map Oregon Plan complies with ORS 188.010(2); it is part of the record, and it should be adopted by this Court.

2. The redistricting process was in violation of ORS 188.016.

ORS 188.016(1) requires that the Legislature hold “public hearings at locations throughout the state prior to proposing a reapportionment plan.” The Legislature must, “Hold at least one hearing . . . in each congressional district of this state.” ORS 188.016(3)(b). In addition, the Legislature must “[h]old at least one hearing . . . in areas that have experienced the largest shifts in population since the previous reapportionment and prioritize holding additional public hearings in these areas.” ORS 188.016(3)(c). As demonstrated above, the Legislature only held remote meetings, and did not hold any meetings physically present in any location. This was in violation of ORS 188.016.

ORS 188.016(2) requires public testimony after a plan is proposed. No public testimony was taken after SB 882 was proposed. There is also nothing in

SB 882 that shows a finding of “impracticability” was made by the Legislature as required by ORS 188.016(2)(a).

III. CONCLUSION

The Legislative Assembly did not meet the requirements of Oregon law when it enacted its plan for reapportionment of the state legislative districts. Accordingly, Petitioners’ prayer for relief stated above should be granted.

Chair Taylor, Vice-Chair Knopp, Co-Chair Salinas, Co-Chair Boshart Davis, and Members of the Committees,

Thank you for your service on the House and Senate redistricting committees and to our state. My name is Rebecca Tweed, and I provide this written testimony today alongside and in support of a map I submitted titled *Equitable Map Oregon*.

Oregonians have placed voter rights and electoral integrity at the top of our priority list for decades. In fact, we lead the nation in transparency, voter access and fair elections. When we take the responsibility to do our civic duty and vote, we want our vote to count. The value of our votes for the next decade lies on your shoulders and our expectations are high that you will ensure this process is transparent and without personal political bias, and the resulting maps will be fair, equitable and representative of all Oregonians.

This process should be about people and population, not politics and partisanship. It is within this spirit of fair representation I submit *Equitable Map Oregon* for your consideration.

Equitable Map Oregon is constructed specifically without consideration to existing legislative districts, sitting representatives and senators, and without regard to political party affiliations. Created entirely from a clean map, it unites communities of interest in maximally compact districts. No district deviates from the target population by more than 615 which is less than 1%. Borders follow county and city lines, major highways, rivers and mountains. It strictly adheres to the requirements of the United States and Oregon Constitutions, and federal law as well as current Oregon statutes.

In this map, districts are culturally congruent, as well as connected by transportation infrastructure. If a city is so large that it needs to be divided due to its size, we then use rivers, mountains, roads, and the city's own directional designations wherever possible.

The cities and communities clustered together in each district are presented below for consideration. District labels would need to be assigned in a more contiguous manner, but each district's corresponding label and description is provided below.

These cities and communities were selected to be represented in their entirety by a single legislative district whenever possible. It is designed to unite areas that are historically considered together in clusters because of common transportation infrastructure, culture, and geographic barriers. Communities of interest must be preserved.

I want to thank the committee for your time and attention as to this important process. We need to deliver to Oregonians a redistricting plan which strictly adheres to the standards of the United States and Oregon Constitutions, and federal law as well as current Oregon statutes.

Respectfully submitted,

Chairs Salinas, Borshart-Davis, and Taylor, Members of the committee,

My name is Patrick Sheehan and I reside at the address above. I represented House District 51 in the 76th Legislative Assembly of 2011-12 when our state was last redistricted, and have been watching the current process with great interest and concern. I'll limit my written testimony to one subject which causes me great uneasiness.

As I have followed testimony, I am gravely concerned that at the beginning of each proceeding, the Chair declares that testimony will be limited to the committee maps only, not maps submitted by the public.

The question is: What should a proper redistricting plan look like? The people should have a voice in arriving at that answer.

The Chair should not discourage or prohibit public testimony from being entered into the record. Such discouragement and/or prohibition is counter to the openness and transparency that the State of Oregon has guaranteed its people.

It is implicit in the presentation of an alternate plan that the person testifying is critical of other plans submitted or considered.

Failure to consider an alternate plan demonstrates an unwillingness to consider all factors to lead to an equitable redistricting plan.

It is my hope that the Chairs will reverse course and allow testimony on public submission of district maps.

Respectfully Submitted,

Patrick D. Sheehan

Legislative Plan – House and Senate Districts

This document lists how the Legislative Plan complies with redistricting requirements set forth for consideration in ORS 188.010. The ‘integrity test’ on the ESRI Redistricting application screens all submissions to ensure that each plan adequately complies with the Oregon’s requirements for contiguity and equal population in redistricting plans. The Legislative Plan passed the integrity test, confirming that each of the districts are contiguous and that they are sufficiently composed of equal populations.

For all House and Senate districts, the Legislative Plan has a maximum population deviation of one percent either above or below the ideal population for each district, which is 70,621 people.

The Legislative Plan prioritizes keeping as many cities whole in a house district as possible. The plan splits only six incorporated cities that have a population smaller than one house district: Happy Valley, Lake Oswego, Milton-Freewater, Milwaukie, Redmond and Tigard.

Sixteen of Oregon’s 36 counties are not divided by any legislative district lines in this plan, even though 12 counties are larger than the target house district population and must necessarily be split.

For each district, this document describes transportation links, the use of existing and geographic and political boundaries, communities of common interest, contiguity and population deviation percentage from the target of 70,621.

Benton County and Lincoln County share many transportation links and intergovernmental connections at the state level, and instead of dividing Tillamook County by going to the north or Florence by going south, District 10 can find population by following US-20 and OR-34 into Philomath. In the Lane County part of the district, the boundary moves to avoid splitting up the City of Florence and the communities of Mapleton, Triangle Lake and Blachly, which are all in District 9.

House District 11 – Lebanon, Sweet Home, Scio, Shedd, Halsey, Brownsville, Jefferson

Boundaries utilized: Willamette River, Albany city boundary, Corvallis School District, Corvallis city boundary, Benton/Polk county boundary, Benton/Linn county boundary

Deviation: 0.66%

District 19 includes a substantial area of south and southeast Salem, bounded by State Street to the north and I-5 to the east. South Salem is shared by District 20 and is entirely united in Senate District 10. State Street is a well-known dividing line in Salem, as addresses to the north are “N” or “NE,” while addresses south of State Street are “S” or “SE.” It makes sense to use State Street as a house district boundary.

House District 23 – Polk and Yamhill counties, Dallas, Falls City, Rickreall, Dayton, Dundee, Newberg

House District 25 includes most of the City of Tigard, as well as Metzger and part of south Beaverton. Tigard is one of the incorporated cities that area split in the Legislative Plan that have a population smaller than the size of a house district. Keeping Tigard entirely whole would have had substantial impacts on population targets and likely would split cities in other house districts. Finding a way to connect the new River Terrace neighborhood to the rest of Tigard is particularly challenging.

Connected by: US-26, Cornell Rd, McDaniel Rd, Thompson Rd, Bethany Blvd, Kaiser Rd, TriMet

CHAPTER

AN ACT

Relating to redistricting; creating new provisions; amending ORS 248.021; repealing ORS 188.290 and 188.295; and declaring an emergency.

Whereas the COVID-19 pandemic has required all three branches of Oregon's government to conduct hearings and public meetings with the use of video conferencing technology rather than in person; and

Whereas as a result of the COVID-19 pandemic, the Legislative Assembly, pursuant to rules adopted under Article IV, section 11, of the Oregon Constitution, conducted all committee meetings held during the 2021 regular session with the use of video conferencing technology rather than in person; and

Whereas the Legislative Assembly desired to make the redistricting process as open to the public as possible while still ensuring the health and safety of the public, legislators and legislative staff; and

Whereas during the period beginning March 9, 2021, and ending April 10, 2021, the House Special Committee on Redistricting and the Senate Committee on Redistricting jointly held 10 public hearings for the purpose of receiving public testimony on how state legislative and congressional districts should be reapportioned, with two separate virtual hearings devoted to individuals who live in each of Oregon's five current congressional districts; and

Whereas on September 3, 2021, the House Interim Committee on Redistricting and the Senate Interim Committee on Redistricting publicly released proposed reapportionment plans for the reapportionment of state legislative and congressional districts; and

Whereas during the period beginning September 8, 2021, and ending September 13, 2021, the House Interim Committee on Redistricting and the Senate Interim Committee on Redistricting jointly held 12 public hearings for the purpose of receiving public testimony on the proposed reapportionment plans, with two separate virtual hearings devoted to individuals who live in each of Oregon's five current congressional districts and two virtual hearings devoted to individuals who reside anywhere in the state; and

Whereas the Legislative Assembly believes that the 10 public hearings conducted between March 9, 2021, and April 10, 2021, and the 12 public hearings conducted between September 8, 2021, and September 13, 2021, satisfy the statutory requirements regarding the public hearings that must be conducted before enacting a state legislative reapportionment plan or a congressional reapportionment plan; and

Whereas Oregon bases both state legislative reapportionment plans and congressional reapportionment plans on P.L. 94-171 redistricting data from the United States Census Bureau ("census redistricting data"); and

Whereas the COVID-19 pandemic prevented the United States Census Bureau from meeting its requirement under federal law to provide census redistricting data to Oregon by March 31, 2021; and

Whereas the United States Census Bureau provided final census redistricting data to Oregon in a legacy format on August 12, 2021; and

Whereas the August 12, 2021, delivery of census redistricting data made it impossible for the Legislative Assembly to enact either a state legislative reapportionment plan based on the census redistricting data by the July 1, 2021, deadline set forth in Article IV, section 6, of the Oregon Constitution, or a congressional reapportionment plan based on the census redistricting data by the July 1, 2021, deadline set forth in ORS 188.125; and

Whereas the Legislative Assembly petitioned the Oregon Supreme Court both to extend the deadline for state legislative reapportionment set forth in Article IV, section 6, of the Oregon Constitution, and to permit the Legislative Assembly to conduct state legislative reapportionment during a special session; and

Whereas the Oregon Supreme Court granted the petition from the Legislative Assembly and established a deadline of September 27, 2021, for the Legislative Assembly to enact a state legislative reapportionment plan; and

Whereas the Legislative Assembly enacted Senate Bill 259 (2021) to extend the statutory deadline for congressional reapportionment to September 27, 2021; and

Whereas on September 10, 2021, Governor Brown issued a proclamation calling the Legislative Assembly into a special session beginning on September 20, 2021, and requested that the Legislative Assembly act expeditiously to enact a state legislative reapportionment plan and a congressional reapportionment plan; now, therefore,

Be It Enacted by the People of the State of Oregon:
