THE UNITED STATES' UNOPPOSED MOTION TO CLARIFY ORDER

The United States of America moves for clarification of this Court's May 23 Memorandum Opinion and Order Granting in Part and Denying in Part Defendants' Motions to Dismiss, ECF No. 307. The United States has alleged that Texas's 2021 Congressional plan is intentionally discriminatory on the basis of race, in violation of Section 2 of the Voting Rights Act, 52 U.S.C. § 10301, with respect to the Dallas-Fort Worth configuration and Congressional District 23. *See* U.S. Compl. ¶¶ 39-75, *United States v. Texas*, No. 3:21-cv-299 (W.D. Tex. Dec. 6, 2021), ECF No. 1. This Court's Opinion and Order states that the United States' "allegations are sufficient to state a plausible claim for discriminatory intent, and so we do not dismiss the United States' complaint on that ground." Op. at 29. Later, however, the Opinion and Order states that the United States' "Cause of Action is dismissed for failure to state a claim except insofar as it brings an effects-based vote-dilution claim requiring a new opportunity state House district near El Paso." Op. at 60.

Given the apparent tension in the discussions at pages 29 and 60 of this Court's May 23 Opinion and Order, the United States respectfully requests that this Court provide clarification as

to whether the United States' intentional discrimination claims regarding the 2021 Congressional Plan have been dismissed.¹ A proposed order is attached hereto.
