Re: Hoffmann et al v The NYS Independent Redistricting Commission et al  
(Albany County Index No. 904972-22)

Dear Judge Platkin:

We write on behalf of the Petitioners in the above referenced Article 78 proceeding to request that the Court approve the attached proposed Amended Order to Show Cause setting forth new deadlines to complete service of process on Respondents and adjournment of the petition return date and briefing schedule.

By Order to Show Cause signed on June 30, 2022 (Doc. 12), the Court ordered service on Respondents pursuant to CPLR Article 3 by July 5, 2022. To date, personal service has been attempted on all Respondents, and service was successfully made on Respondents Imamura, Brady, Frazier and Nesbitt as well as on the NYS Attorney General's Office. We shall file affidavits of service upon receipt of same.

As the IRC does not maintain any physical offices or designated agent for service of process, personal service is being attempted on each Respondent Commissioner at their last known residence. The Amended Order to Show Causes proposes that service on the remaining Respondents be completed by July 13, 2022.

We are available for a phone or virtual conference should the Court have any questions regarding this request and the dates set forth in the proposed Amended Order to Show Cause. Thank you for your attention to this matter.

Respectfully submitted,

DREYER BOYAJIAN LLP
