Representative for District 13 ) **ELECTION CONTEST**  
16 )  
17 ) (Assigned to Hon. Timothy J. Thomason)  
18 )

18 Secretary of State Katie Hobbs hereby provides notice that on Friday, December 9, an  
19 election contest in the race for Arizona Attorney General was filed in Mohave County Superior  
20 Court. [See **Exhibit A** (Statement of Election Contest)] Judge Lee Jantzen has set the matter for  
21 a return hearing on Friday, December 16 at 8:30 AM.

22 Amicus Curiae Abraham Hamadeh filed a brief urging the Court “to order that the recount  
23 be abated during the pendency of Amicus’ election contest, as require by A.R.S. § 16-667.”  
24 Amicus, however, misreads the applicable law. A.R.S. § 16-667 provides that “[t]his article is  
25 supplemental to and not in derogation of the law relating to contest of elections and, upon the  
26 initiation of such a contest, a proceeding begun under this article shall abate.” In this context,

1 “abate” means that this court “proceeding” should be stayed, but the counties’ ministerial role in  
2 completing the recount should continue. *Babnew v. Linneman*, 154 Ariz. 90, 95 (App. 1987).

3 *Babnew* teaches that a recount only confirms the accuracy of the initial count and does  
4 not add or subtract ballots found to be “illegal” in a contest proceeding. In *Babnew*, the plaintiff  
5 brought an election contest in a race he had seemingly lost by three votes. *Id.* at 91. A hearing  
6 on the contest resulted in an “order giving Babnew two more votes and confirming Linneman as  
7 the winner by one vote.” *Id.* Thereafter, the county board conducted a recount “independent of  
8 the contest hearing,” and the result of the recount “was the addition of one vote to Babnew’s  
9 tally.” *Id.* The court then entered an order in the recount proceeding determining that Linneman  
10 “was the winner of the election contest by a margin of two votes”—the margin reflected in the  
11 recount without regard to the contest. *Id.* Babnew moved the trial court to amend its order in the  
12 election contest to include the result of the recount “[b]ecause the result of the recount, when  
13 combined with the result of the election contest, would result in a tie.” *Id.* The court of appeals  
14 ultimately held that trial court was not required to amend its judgment in the contest “to reflect  
15 the results of the recount.” *Id.* at 95. All the contest provision requires “is that the court either  
16 confirm or annul and set aside the election,” although the court must necessarily “refer to the  
17 recount result in order to decide whether to confirm the election.” *Id.*; see also *Huggins v.*  
18 *Superior Court In and For County of Navajo*, 163 Ariz. 348, 249 (1990) (noting that 16 illegal  
19 votes did not bear on recount that found eight vote margin).

20 Therefore, the contest and recount proceedings operate separate and apart from each  
21 other, and while the court proceeding as to the recount should be stayed pending the resolution  
22 of a contest, the Court should permit the counties to continue the recounting of ballots as required  
23 by statute. Indeed, the 2019 Election Procedures Manual – which has the force and effect of law  
24 –suggests that an order from a contest proceeding does not impact an automatic recount.  
25 Specifically, the EPM provides [at 246-47] that “[w]here there are discrepancies between the  
26 initial result and the result from the automatic recount, the officer in charge of elections shall

1 undertake reasonable efforts to reconcile the discrepancy and provide a report to the Secretary  
2 of State explaining the reasons for any discrepancy.” This language would not make sense if the  
3 automatic recount was based on anything but a recount of the “initial result.”

4 For all these reasons, the Secretary believes that while this Court should “stay” any further  
5 proceedings before it – for example, delaying the December 22 hearing currently set to announce  
6 the results if necessary – pending the outcome of the election contest proceeding, the Court  
7 should not halt the counties’ work in completing the recounting of ballots. Doing so would  
8 needlessly delay completion of these statutory duties.

6  
7 Plaintiffs hereby state and allege as follows:

8 **SUMMARY OF THE CASE**

9 1. The Plaintiffs are not, by this lawsuit, alleging any fraud, manipulation or  
10 other intentional wrongdoing that would impugn the outcomes of the November 8, 2022,  
11 general election. Plaintiffs bring this lawsuit to ensure that all lawfully cast votes are  
12 properly counted and that unlawfully cast votes are not counted.

13 2. The November 8, 2022 General Election was afflicted with certain errors and  
14 inaccuracies in the management of some polling place operations and in the processing and  
15 tabulation of some ballots. The cumulative effect of these mistakes is material to the race  
16 for Arizona Attorney General, where after the first canvass the candidates are separated by  
17 just 511 votes out of more than 2.5 million ballots cast—a margin of two one-hundredths  
18 of one percent (0.02%). A recount is underway.

19 3. When, as here, an accretion of erroneous ballot processing or tallying  
20 determinations is potentially dispositive of an election for public office, Arizona law  
21 permits any elector to initiate a contest proceeding to ensure that inaccuracies or illegalities  
22 in the canvassed returns are judicially remedied, and the declared result conforms to the will  
23 of the electorate. *See* A.R.S. §§ 16-672, *et seq.*

24 4. The Recorders and Boards of Supervisors of the fifteen counties (collectively,  
25 the “County Defendants”) have, in at least seven respects, caused the unlawful denial of the  
26 franchise to certain qualified electors, erroneously tallied certain ballots, and included for  
27 tabulation in the canvass certain illegal votes in connection with the election for the office  
28 of Arizona Attorney General. Specifically:

- 1 a. The Maricopa County Defendants have improperly disqualified early  
2 ballots submitted by individuals who, as a direct and proximate result of  
3 poll worker error, were incorrectly designated in electronic pollbooks as  
4 having previously voted in the same election;
- 5 b. Upon information and belief, the Maricopa County Defendants have  
6 improperly and unconstitutionally deprived individuals whose eligibility  
7 could not be confirmed of an opportunity to cast a provisional ballot;
- 8 c. Upon information and belief, the County Defendants have erroneously  
9 transposed and improperly tabulated voters' indicated candidate  
10 selections when duplicating certain ballots that could not be  
11 electronically tabulated;
- 12 d. Upon information and belief, the County Defendants have erroneously  
13 determined and improperly tabulated voters' indicated candidate  
14 selections when adjudicating certain ballots that could not be  
15 electronically tabulated;
- 16 e. Upon information and belief, the County Defendants improperly  
17 accepted for processing and tabulation certain early ballots that were  
18 accompanied by affidavits presenting a signature that did not match the  
19 signature on file in the putative voter's "registration record." A.R.S. § 16-  
20 550(A);
- 21 f. Upon information and belief, the County Defendants 1. improperly  
22 tabulated voters' selections and erroneously counted votes as undervotes  
23 that could not be read by tabulators set to a 14% oval fill rate, and 2.  
24 which paper ballots were not made available to review by adjudication  
25 teams in instances where tabulators did pick up faint marks in  
26 adjudication performed by Maricopa electronically; and
- 27 g. Upon information and belief, the County Defendants improperly  
28 administered their voter rolls resulting in a material number of voters not

1 Party at the national level and for promoting the election of Republican candidates for office  
2 in Arizona and across the United States. Its address is 310 First St. SE., Washington, D.C.

3 12. Defendant/Contestee Kris Mayes is the Democratic Party's nominee for the  
4 office of Arizona Attorney General in the November 8, 2022 general election.

5 13. Defendant Katie Hobbs is the Secretary of State of Arizona, and is named in  
6 this action in her official capacity only. The Secretary of State is the public officer charged  
7 by law with conducting the canvass of the returns for statewide offices and with declaring  
8 the persons elected to such offices. *See* A.R.S. §§ 16-648, 16-650.

9 14. The county recorders in each of Apache County, Cochise County, Coconino  
10 County, Gila County, Graham County, Greenlee County, La Paz County, Maricopa County,  
11 Mohave County, Navajo County, Pima County, Pinal County, Santa Cruz County, Yavapai  
12 County, and Yuma County are named in this action in their respective official capacities  
13 only. The County Recorder is the principal elections officer of his or her county and is  
14 responsible for overseeing and directing numerous components of election administration  
15 within the jurisdiction, to include the processing, verification and tabulation of early ballots,  
16 and the appointment and oversight of Ballot Duplication Boards and Electronic  
17 Adjudication Boards. *See* A.R.S. §§ 16-541, -542, -543, -544, -550, -602, -621.

18 15. The boards of supervisors in each of Apache County, Cochise County,  
19 Coconino County, Gila County, Graham County, Greenlee County, La Paz County,  
20 Maricopa County, Mohave County, Navajo County, Pima County, Pinal County, Santa  
21 Cruz County, Yavapai County, and Yuma County are named in this action in their  
22 respective official capacities only. Each Board of Supervisors is charged by law with  
23 conducting elections within its jurisdictional boundaries, to include appointing polling  
24 location election boards, overseeing the operations of polling locations on Election Day,  
25 and canvassing the returns of elections in the county. *See* A.R.S. §§ 11-251(3), 16-446, -  
26 447(A), -511, -531, -642, -645, -646.

27 16. On November 29, 2022, the Superior Court of Arizona in and for Maricopa  
28 County dismissed without prejudice a contest filed by Plaintiff. *See* Minute Entry,

1 *Hamadeh, et al. v. Mayes, et al.*, CV 2022-015455 (Nov. 9, 2022). In doing so, the court  
2 stated “[t]hat does not mean Plaintiffs must wait to file suit until after a recount, which  
3 everyone agrees will be needed for this race. Rather, A.R.S. § 16-667 contemplates that an  
4 election contest might be filed despite a pending recount, and directs that ‘upon the initiation  
5 of such a contest, a proceeding begun under this article shall abate.’” *Id.*

6 17. Upon information and belief, the fifteen Boards of Supervisors canvassed the  
7 returns of the November 8, 2022 general election in their respective counties and delivered  
8 the canvass results to the Secretary of State on or before December 5, 2022.

9 18. On December 5, 2022, the Secretary of State canvassed the returns of the  
10 November 8, 2022 general election. *See* Petition for Automatic Recount at ¶ 2, Exhibit A,  
11 *In the Matter of November 8, 2022, General Election For Attorney General; Superintendent*  
12 *of Public Instruction; and State Representative for District 13*, No. CV2022-015915 (Dec.  
13 5, 2022).

14 19. On December 5, 2022, the Superior Court of Arizona in and for Maricopa  
15 County ordered a recount of votes cast in the November 8, 2022 General Election for the  
16 Office of Attorney General and two other offices. *See* Order to Conduct Recount, *In the*  
17 *Matter of November 8, 2022, General Election For Attorney General; Superintendent of*  
18 *Public Instruction; and State Representative for District 13*, No. CV2022-015915 (Dec. 5,  
19 2022).

20 20. Thus, at this point, the canvass is complete, the Secretary of State has certified  
21 it, and the only thing that remains to be done is conduct the recount, the conduct of which  
22 does not preclude the filing and adjudication of an election contest.

23 21. For the reasons set forth herein, the December 5 canvass and its constituent  
24 county canvasses are afflicted by election board misconduct, the tallying of unlawful  
25 ballots, the failure to count lawful ballots, and the erroneous counting of votes, within the  
26 meaning of A.R.S. § 16-672(A)(1), (A)(4), and (A)(5). Upon information and belief, a  
27 complete and correct tabulation of all lawful ballots will establish that Contestant Hamadeh  
28

1 received the highest number of votes for the office of Arizona Attorney General in the  
2 November 8, 2022 general election.

### 3 GENERAL ALLEGATIONS

#### 4 **Erroneous Vote Counts Due to Pervasive Poll Worker Error in Maricopa County**

5 22. Broadly speaking, the voting process in Arizona is bifurcated; qualified  
6 electors may cast either an “early ballot” or an Election Day ballot.

7 23. A qualified elector may cast an “early ballot” at any time during the 27 days  
8 preceding the election. Early ballots may be obtained and returned via mail. Alternatively,  
9 early ballots may be cast in-person at designated early voting locations, dropped off at  
10 official drop box locations during the early voting period, or dropped off at polling locations  
11 on Election Day. In-person early voting concludes on the Friday preceding the election,  
12 although voters confronting unforeseen exigencies that would prevent them from voting in-  
13 person on Election Day may cast a ballot at an “emergency” early voting location during  
14 the ensuing three-day period. *See* A.R.S. § 16-542.

15 24. As an alternative to early voting, voters may obtain and cast a ballot in-person  
16 at a polling location on Election Day.

17 25. Every polling location is staffed by an election board consisting of an  
18 inspector, marshal, and two judges. The inspector is the chairman of the election board. *See*  
19 A.R.S. §§ 16-531, -534(A).

20 26. Maricopa County utilized a “vote center” model in the November 8, 2022  
21 general election. Under this framework, a qualified elector of Maricopa County may appear  
22 at any designated vote center site within the county, regardless of whether the vote center  
23 is located within the precinct in which the voter resides. Once the voter’s identity is verified  
24 and s/he “checks in” by signing the electronic pollbook (e-pollbook), the poll workers cause  
25 a ballot on demand printer to print a customized ballot that includes all candidate races and  
26 ballot propositions for which the elector is eligible to vote. E-pollbooks reflect in real-time  
27 an elector’s status as having voted or not voted and are electronically synchronized across  
28 all polling locations countywide.

1           27.     After marking their ballots at the vote center, voters feed them into the on site  
2 tabulation machine, which instantaneously processes and tabulates all properly indicated  
3 selections on the ballot.

4           28.     Shortly after voting hours commenced at 6:00 a.m. on Election Day, the ballot  
5 tabulation devices stationed at approximately 70 vote centers in Maricopa County (*i.e.*,  
6 roughly one third of all vote centers in Maricopa County) began to malfunction.  
7 Specifically, the tabulators regularly rejected or otherwise failed to process ballots that, on  
8 their face, had been properly and sufficiently completed.

9           29.     These extensive and significant disruptions to Election Day operations in  
10 Maricopa County have been widely reported by national and local news media outlets. *See*,  
11 *e.g.*, Caitlin McFall, *Maricopa County, Arizona, Officials Say 20% of Voting Locations*

18 8,           2022           at           1:37           p.m.,           *available at*  
19 <https://twitter.com/brahmresnik/status/1590081166295859200> (reporting that “about 60  
20 vote centers were hit with tabulator problems”).

21           30.     Voters whose ballots could not be read by a malfunctioning tabulator were  
22 confronted with five possible options.

- 23           a. First, the voter could choose simply to wait until the tabulator was  
24 restored to working order—an uncertain contingency that could take  
25 hours.
- 26           b. Second, the voter could deposit the voted ballot into a receptacle (known  
27 as “Door 3”) for later tabulation at the Central Counting Center, although  
28

1 the voters selecting this option would be unable to visually and personally  
2 confirm the tabulation of their ballots.

- 3 c. Third, the voter could request to utilize an accessible voting device  
4 (which is designed primarily for persons with disabilities), upon which  
5 they could complete and cast a ballot electronically. *See* A.R.S. § 16-447.  
6 Upon information and belief, however, most or all vote centers in  
7 Maricopa County maintained only one accessible voting device on site  
8 and many locations lacked supplies necessary for the proper operation of  
9 such devices. Maricopa County did not instruct voters of this option.
- 10 d. Fourth, the voter could spoil his or her initial ballot, “check out” of the  
11 vote center, and present at another vote center, where s/he could check-  
12 in and vote a full regular ballot.
- 13 e. Fifth, if the voter had previously obtained an early ballot, he or she could  
14 “check out” of the vote center, vote that early ballot, execute the  
15 accompanying early ballot affidavit, and deposit it at the vote center or in  
16 a ballot drop box for later processing and tabulation at the Central  
17 Counting Center. *See* A.R.S. §§ 16-547, -548.

18 31. Importantly, however, the fourth and fifth options required poll workers at the  
19 initial polling location to “check out” the voter—*i.e.*, indicate in the e-pollbook that the  
20 voter left the polling location without casting a ballot. If the voter is not checked out, he or  
21 she is recorded in the e-pollbook as having already voted. Consequently, if the voter  
22 subsequently presents at a different polling location, she or he will be permitted to cast only  
23 a provisional ballot, which Maricopa County will **not** tabulate. *See* A.R.S. § 16-584(D).  
24 Similarly, if the voter is not “checked out” and then deposits a completed early ballot, that  
25 early ballot will be voided.

26 32. Poll workers at some polling locations were unaware of the process for  
27 checking a voter out of the polling location. Upon information and belief, Maricopa County  
28

1 poll workers received no training (or, alternatively, inadequate training) on the process for  
2 checking voters out of a polling place.

3 33. Across Maricopa County, numerous qualified electors “checked in” at a vote  
4 center but did not either “check out” or cast a ballot.

5 34. Upon information and belief, poll workers failed to properly “check out”  
6 numerous Maricopa County voters who chose to spoil their ballots and vote by alternative  
7 means. This pervasive and systematic error directly and proximately resulted in three  
8 recurring scenarios in which qualified electors were unlawfully and unconstitutionally  
9 disenfranchised.

10 a. Upon information and belief, at least 126 voters who were not properly  
11 “checked out” at their initial polling location and who later presented at  
12 a different polling location were required to vote using provisional  
13 ballots, which were not counted because the elector was erroneously  
14 recorded in the e-pollbook as having already voted.

15 b. Upon information and belief, at least 269 voters who were not properly  
16 “checked out” at their initial polling location and who later deposited a  
17 completed early ballot at the same or a different vote center had their  
18 early ballots voided and not tabulated because the elector was  
19 erroneously recorded in the e-pollbook as having already voted.

20 c. Upon information and belief, a material number of voters who were not  
21 properly “checked out” at their initial polling location and who later  
22 presented at a different polling location were denied an opportunity to  
23 cast a provisional ballot at all, in violation of Arizona law. A.R.S. § 16-  
24 584.

25 35. At 8:01 a.m. on Election Day, as the disorder in Maricopa County vote centers  
26 was escalating quickly, Chairman of the Maricopa County Board of Supervisors Bill Gates  
27 tweeted the following statement:  
28

1           If you're at a polling place experiencing an issue with a  
2           tabulator, you have three options & your vote will be counted  
3           in each. 1) stay where you are and wait for tabulator to come  
4           online 2) drop your ballot in the secure slot (door 3) on tabulator  
5           3) go to a nearby vote center.

6           *See Exhibit A.*

7           36. Chairman Gates's tweet was incomplete because it omitted two of the  
8           solutions available to affected voters (namely, using the accessible voting device, and  
9           dropping off a mail-in ballot). It was materially misleading because it stated that the voters  
10          could simply "go to a nearby vote center" without specifying that voters must check out of  
11          a polling location before traveling to a second location. And it was objectively false in  
12          assuring voters that their "vote will be counted in each" contingency when, as described  
13          above, Chairman Gates's instructions foreseeably resulted in the disenfranchisement of a  
14          significant number of qualified electors who followed his instructions.

15          37. The Republican National Committee and several candidates for statewide  
16          office initiated emergency proceedings to extend polling hours to mitigate the effects of the  
17          confusion and delays engendered by the compounded effects of tabulator malfunctions and  
18          poll worker error, but the requested relief was vociferously opposed by Maricopa County  
19          Defendants and denied. *See Republican National Committee v. Richer*, Maricopa County  
20          Civil Action No. CV2022-014827.

21          38. By inducing voters to leave polling locations and then denying—through a  
22          consistent and erroneous practice of failing to properly implement "check-out"  
23          procedures—these qualified electors lost their right to duly cast a ballot for tabulation and  
24          the Maricopa County Defendants engaged (through their election boards) in cognizable  
25          "misconduct" and wrongfully excluded valid and legally sufficient votes from the canvass  
26          in the race for Arizona Attorney General. *See A.R.S. § 16-672(A)(1), (A)(5).*

## Ballot Duplication Errors

39. Occasionally, voted ballots are received in a damaged or defective form—for example, tears, wrinkles, or perforations in the ballot paper, or stains from spilled beverages or other foreign substances—that renders them unreadable by electronic tabulation devices.

40. To process such ballots, the County Recorder must establish a Ballot Duplication Board that consists of at least two individuals who are not members of the same political party. The Ballot Duplication Board must transpose the voter’s indicated electoral selections from the damaged or defective ballot onto a new duplicate ballot. Both the original and duplicate ballots are assigned a shared unique serial number; the duplicate ballot is labeled as such and then fed to the tabulator for electronic tabulation. *See* A.R.S. § 16-621(A); Ariz. Sec’y of State, 2019 ELECTIONS PROCEDURES MANUAL (rev. Dec. 2019) [“EPM”] at p. 201.

41. In the 2020 general election for presidential electors, Ballot Duplication Boards in Maricopa County erroneously transposed at least 0.37% of ballots designated for duplication.

42. Upon information and belief, a substantially similar or greater proportion of ballots designated for duplication in the November 8, 2022 general election have been erroneously transposed, thereby resulting in the unlawful mistabulation of ballots lawfully cast by qualified electors.

## Electronic Adjudication Errors

43. Voters sometime mark their ballots in a manner that precludes an accurate electronic tabulation. Two frequent causes of impeded electronic tabulation are (a) apparent “over-votes,” in which the tabulator detects that a voter may have marked more than the permissible number of selections for a given office or ballot measure, and (b) ballots that the tabulator has identified as either blank or containing unclear markings. When the first of these circumstances is present, an image of the ballot is referred for electronic adjudication. Upon information and belief, in the second circumstance, if the unclear mark fills less than 14% of the oval for that race, the ballot is counted as an ‘undervote’ and the

1 contest is not sent for electronic adjudication, and in instances where the mark does fill 14%  
2 or more of the oval, an image of the ballot is referred for electronic adjudication.

3 44. Electronic adjudications are carried out on a secure computer application and  
4 are conducted by an Electronic Adjudication Board that is appointed by the County  
5 Recorder and consists of one inspector and two judges who are members of different  
6 political parties. *See* A.R.S. § 16-621(B)(2).

7 45. The Electronic Adjudication Board examines a digital image of the ballot and  
8 assesses voter selections that the tabulator was unable to definitively ascertain. If the voter's  
9 intent is "clear," the Electronic Adjudication Board ensures that the voter's intended  
10 selections are properly indicated and tabulated. If the voter's intent cannot be sufficiently  
11 verified, the ambiguous selections are not tabulated. *See id.*; Ariz. Sec'y of State,  
12 ELECTRONIC ADJUDICATION ADDENDUM TO THE 2019 ELECTIONS PROCEDURES MANUAL  
13 (Feb. 2020) at pp. 2-3, available at  
14 [https://azsos.gov/sites/default/files/Electronic\\_Adjudication\\_Addendum\\_to\\_the\\_2019\\_Ele](https://azsos.gov/sites/default/files/Electronic_Adjudication_Addendum_to_the_2019_Elections_Procedures_Manual.pdf)  
15 [ctions\\_Procedures\\_Manual.pdf](https://azsos.gov/sites/default/files/Electronic_Adjudication_Addendum_to_the_2019_Elections_Procedures_Manual.pdf).

16 46. Actual "over-votes" are invalid and may not be counted. *See* A.R.S. § 16-610.

17 47. Upon information and belief, one or more selections in up to 15% of all ballots  
18 cast in the November 8, 2022 general election in Maricopa County have been referred to  
19 electronic adjudication in connection with at least one candidate contest, judicial retention  
20 or ballot proposition appearing on the ballot. The Maricopa County Elections Department  
21 reported 50,246 undervotes in the official county canvass of the contest for Attorney  
22 General.

23 48. By statute, the County Recorder must conduct a hand count audit of selected  
24 candidate races across a randomly generated sample of (a) 5,000 of early ballots and (b)  
25 ballots cast at 2% of vote centers in the county. *See* A.R.S. § 16-602(B), (F). The purpose  
26 of the hand count is to verify the accuracy of tallies generated by tabulator devices and  
27 determinations by various ballot processing boards.

28

1           49. The hand count audit following the November 8, 2022 general election  
2 revealed at least one instance in which the Maricopa County Electronic Adjudication Board  
3 incorrectly characterized the voter's ostensible intent. Specifically, the Electronic  
4 Adjudication Board had tabulated the disputed ballot as a vote for gubernatorial candidate  
5 Katie Hobbs. As the hand count audit found, however, the ballot contained both an indicated  
6 preference for Hobbs and an accompanying write-in vote for a different candidate, Kari  
7 Lake. The Electronic Adjudication Board was required by law to designate the gubernatorial  
8 contest as over-voted and not to tabulate a vote for any candidate in that race. *See Exhibit*  
9 *B p. 32.*

10           50. The Attorney General contest was not among the races randomly selected for  
11 inclusion in Maricopa County's hand count audit but, upon information and belief, a similar  
12 and proportionate rate of erroneous determinations afflict the broader corpus of all ballots  
13 that underwent electronic adjudication, thereby resulting in the unlawful mistabulation of  
14 certain votes cast in connection with the election for Arizona Attorney General.

15           51. Additionally, an observer of the ballot adjudication process has reported that  
16 tabulation and electronic adjudication equipment have been unable to clearly capture the  
17 ballot markings made by some voters who did not use the writing implements recommended  
18 by elections officials. Although it is likely that such markings can be assessed and correctly  
19 tabulated by a manual inspection of the affected ballots, elections officials have not  
20 undertaken a manual inspection of such ballots and therefore have failed to correctly  
21 tabulate the votes marked on such ballots, and instead tabulating them as undervotes.

22           52. Furthermore, an observer in Navajo County is currently observing the  
23 Recount of votes. On December 7, 2022, Navajo County re-tabulated 3% of the county's  
24 ballots. On election day, a large portion of the ballots processed were tabulated using the  
25 central count tabulator. However, during this recount, the county is using the smaller  
26 precinct tabulators. These small precinct tabulators identified two ballots that should have  
27 been sent to adjudication. It appears that the faster central count tabulators were not  
28

1 functioning or set up entirely properly and that they failed to flag ballots for adjudication  
2 that might not contain a valid vote for the Attorney General race.

### 3 **Unverified Early Ballot Affidavit Signatures**

4 53. An elector who chooses to cast an early ballot must enclose the ballot in an  
5 envelope containing a sworn affidavit, signed by the voter, that certifies the voter's  
6 qualifications and personal signature affixation, and affirms his or her understanding of the  
7 criminal prohibition against casting multiple ballots in the same election. *See* A.R.S. § 16-  
8 547(A).

9 54. Upon receipt of a returned early ballot envelope, the County Recorder or the  
10 Recorder's designee must "compare the signatures thereon with the signature of the elector  
11 on the elector's registration record." A.R.S. § 16-550(A). If "the signatures correspond,"  
12 the early ballot is processed and tabulated. *Id.* If "the signature is inconsistent with the  
13 elector's signature on the elector's registration record," then the early ballot is invalid and  
14 cannot be tabulated, unless the putative voter cures the signature discrepancy within five  
15 business days of an election or federal office (or the third business day after any other  
16 election). *Id.*

17 55. Upon information and belief, a material number of early ballots were  
18 accompanied by an affidavit containing a signature that the County Recorder or his/her  
19 designee concluded was inconsistent with the signature presented on the voter's  
20 "registration record." These early ballots were processed and accepted for tabulation,  
21 however, because the County Recorder or Recorder's designee determined that the affidavit  
22 signature matched a signature on a *different* document that was *not* the voter's "registration  
23 record"—such as an early ballot affidavit submitted in connection with a previous election  
24 or a pollbook signature roster. *See* EPM at p. 68.

25 56. To the extent the EPM purports to authorize the County Recorder to use for  
26 the verification of early ballot affidavits signature specimens that are not contained in a  
27 voter's "registration record," it is unlawful and unenforceable. *See Leach v. Hobbs*, 250  
28

1 Ariz. 572, 576, ¶ 21 (2021) (“[A]n EPM regulation that exceeds the scope of its statutory  
2 authorization or contravenes an election statute’s purpose does not have the force of law.”).

3 57. Early ballots accompanied by uncured affidavit signatures that do not match  
4 the signature on the putative voter’s “registration record” are legally insufficient and cannot  
5 be tabulated.

### 6 **Registration Errors**

7 58. Based upon information and belief, a material number of voters presented  
8 themselves to vote at the polls on election day and they were told by election workers that  
9 they were not registered to vote. These voters were required to vote a provisional ballot  
10 because election workers informed them that they were not registered to vote.

11 59. In Maricopa County alone, approximately 1,942 provisional voters did not  
12 have their provisional ballot counted because it was determined that the voter was not  
13 registered to vote. A material number of these voters who had their ballots rejected had  
14 voted in past Arizona election and had done nothing to invalidate their registration.

**COUNT I**  
**[Maricopa County Only]**  
**Erroneous Count of Votes and Election Board Misconduct: Wrongful  
Disqualification of Provisional and Early Ballots**  
**(Ariz. Const. art. II, §§ 13, 21; A.R.S. §§ 12-2021, 16-672(A)(1), (A)(5))**

60. The Plaintiffs incorporate by reference the foregoing allegations as if fully set forth herein.

61. Article 2, Section 13 of the Arizona Constitution secures the equal “privileges or immunities” of all citizens.

62. The Arizona Constitution guarantees “the right of suffrage” and mandates that “[a]ll elections shall be free and equal.” Ariz. Const. art. II, § 21.

63. “Arizona’s constitutional right to a ‘free and equal’ election is implicated when votes are not properly counted.” *Chavez v. Brewer*, 222 Ariz. 309, 320, ¶ 34 (App. 2009).

64. Pursuant to these constitutional precepts, all qualified electors who have properly verified their identity and otherwise are eligible to vote in an election are entitled to cast a regular ballot that will be duly processed and tabulated. *See* Ariz. Const. art. II, §§ 13, 21; A.R.S. §§ 16-579, -580(B).

65. Upon presenting at a vote center and verifying a prospective voter’s identity, poll workers must “check in” the voter on the e-pollbook, which records in real-time whether the elector has cast a ballot in this election.

66. After checking in, obtaining, and properly completing a ballot, numerous voters across Maricopa County had their ballots rejected by malfunctioning electronic tabulation devices. Certain of these voters chose to spoil their ballots and to either (a) leave the vote center and present at a different polling location with functioning tabulators or (b) cast a previously issued early ballot instead.

67. Under Arizona law and Maricopa County’s official policies, poll workers were required to “check out” these voters, which would enable them to obtain and cast a

1 regular ballot at a different polling location elsewhere in Maricopa County or to cast a  
2 previously issued early ballot.

3 68. Upon information and belief, various poll workers across Maricopa County  
4 refused or failed to “check out” some or all of these voters. As a result of that systematic  
5 error, the e-pollbooks inaccurately designated these individuals as having previously voted  
6 in this election.

7 69. When subsequently presenting at a different vote center, at least 126 of these  
8 voters were incorrectly informed that they had already voted and were permitted to  
9 complete and submit only a provisional ballot. Upon information and belief, the Maricopa  
10 County Defendants failed to tabulate these valid provisional ballots for inclusion in the  
11 canvass.

12 70. In addition, at least 269 voters whom poll workers failed to properly “check  
13 out” instead chose to complete and submit a previously issued early ballot. Upon  
14 information and belief, because these individuals are inaccurately recorded in the e-  
15 pollbook as having previously voted, however, the Maricopa County Defendants failed to  
16 tabulate these valid early ballots for inclusion in the canvass.

17 71. These pervasive poll worker errors have denied numerous qualified electors  
18 of Maricopa County, including supporters of the Contestant, their right to vote under  
19 Arizona law.

20 72. By failing to properly “check out” these voters and restore their ability to vote  
21 a regular ballot for tabulation, the Maricopa County Defendants (through their election  
22 boards) engaged in “misconduct” within the meaning of A.R.S. § 16-672(A)(1), acted in  
23 excess of their legal authority, failed to discharge a non-discretionary duty prescribed by  
24 law, and caused an erroneous count of votes in the election for Arizona Attorney General.

25 73. Upon information and belief, votes included on provisional and early ballots  
26 that the Maricopa County Defendants improperly failed to tabulate are material to, and  
27 potentially dispositive of, the outcome of the election for the office of Arizona Attorney  
28 General.

1 Attorney General in the November 8, 2022 general election, thereby resulting in the  
2 unlawful mistabulation of a ballot lawfully cast by a qualified elector.

3 86. Upon information and belief, by not correctly duplicating certain ballots, the  
4 County Defendants (through their Ballot Duplication Boards) have caused an erroneous  
5 count of votes for the office of Arizona Attorney General. *See* A.R.S. § 16-672(A)(5).

6 87. Upon information and belief, votes included on improperly duplicated ballots  
7 are material to, and potentially dispositive of, the outcome of the election for the office of  
8 Arizona Attorney General.

9 88. Accordingly, the Plaintiffs are entitled to an order (including, if necessary, a  
10 writ of mandamus) requiring the County Defendants to amend the canvass results for the  
11 office of Arizona Attorney General to correct erroneous tabulations associated with the  
12 inaccurate duplication of ballots.

#### 13 **COUNT IV**

#### 14 **Illegal Votes and Erroneous Count of Votes: Improper Ballot Adjudications** 15 **(A.R.S. §§ 16-621, 16-672(A)(4), (A)(5))**

16 89. The Plaintiffs incorporate by reference the foregoing allegations as if fully set  
17 forth herein.

18 90. When a submitted ballot is determined by a tabulator device to contain an  
19 apparent over-vote, or to include ambiguous markings, the ballot is designated for review  
20 by an Electronic Adjudication Board that operates under the auspices of the County  
21 Recorder. If the voter's clear intent can be ascertained, the Electronic Adjudication Board  
22 must ensure that such intent is appropriately designated on the ballot for tabulation. If the  
23 voter's clear intent cannot be determined, no vote is tabulated in the affected race(s) on that  
24 ballot. *See* A.R.S. § 16-621(B); EPM Electronic Adjudication Addendum, *supra*. Upon  
25 information and belief, the counties' Electronic Adjudication Boards counted a material  
26 number of ballots that it should have sent to adjudication in the race for Arizona Attorney  
27 General in the November 8, 2022 general election, thereby resulting in the unlawful  
28 tabulation of ballots that should not have been tabulated.

1           97. An early ballot is lawful and eligible for tabulation if—and only if—the  
2 signature on the affidavit accompanying the ballot matches the signature featured on the  
3 elector’s “registration record.” A.R.S. § 16-550(A).

4           98. Upon information and belief, a material number of early ballots cast in the  
5 November 8, 2022 general election were transmitted in envelopes containing an affidavit  
6 signature that the County Recorder or the Recorder’s designee determined did not  
7 correspond to the signature in the putative voter’s “registration record.” The County  
8 Recorder, however, nevertheless accepted the early ballot for processing and tabulation  
9 because the affidavit signature ostensibly matched a signature on an election-related  
10 document that was **not** the voter’s “registration record,” such as a prior early ballot affidavit  
11 or early ballot request form.

12           99. To the extent the Elections Procedures Manual purports to authorize the  
13 validation of early ballot affidavit signatures by reference to a signature specimen that is  
14 not found in the voter’s “registration record,” it is contrary to the plain language of A.R.S.  
15 § 16-550(A), and hence unenforceable.

16           100. An early ballot that is accompanied by an uncured affidavit signature that  
17 does not match the signature contained in the putative voter’s registration record is an  
18 “illegal vote” within the meaning of A.R.S. § 16-672(A)(4).

19           101. Upon information and belief, the number of tabulated early ballots associated  
20 with an uncured affidavit signature that does not match the signature in the corresponding  
21 registration record is material to, and potentially dispositive of, the outcome of the election  
22 for the office of Arizona Attorney General.

23           102. Accordingly, the Plaintiffs are entitled to an order (including, if necessary, a  
24 writ of mandamus) proportionately reducing the tabulated returns of early ballots to exclude  
25 early ballots that were accompanied by an uncured affidavit signature that is inconsistent  
26 with the signature on file in the putative voter’s registration record. *See generally Grounds*  
27 *v. Lawe*, 67 Ariz. 176, 183–85 (1948).

28

If you're at a polling place experiencing an issue with a tabulator, you have three options & your vote will be counted in each. 1) stay where you are and wait for tabulator to come online 2) drop your ballot in the secure slot (door 3) on tabulator 3) go to a nearby vote center

## Hand Count / Audit Report

Election: **GENERAL ELECTION – NOVEMBER 8, 2022**

### **Synopsis:**

Pursuant to A.R.S. §16-602(B), Maricopa County conducted the hand count/early ballot audit for the **November 8, 2022 General Election**. 2% of the vote centers (polling places) were counted as required by statute, which amounted to 5 vote centers (polling places) out of 223 total vote centers (polling places).

The hand count began on **Wednesday, November 9, 2022** at **6:08 p.m.** when the Maricopa County Chairs of the **Democratic, Libertarian, and Republican** Party met to select the vote centers (polling places), races, and early ballot batches to be audited. All ballots were accounted for in the central counting location before the selection process started. The selection order was chosen by lot, and the **Democratic** Party was selected to go first, followed by the **Libertarian** Party and then the **Republican** Party.

With the draw order established, the specific vote centers (polling places) to be audited were selected with the participating County Party Chairs alternating the various selections. Once the allotted vote centers (polling places) were chosen, the percentage of early ballot audit batches to be audited were drawn (1% of early ballots or 5,000, whichever is less). A total of **26 batches** were selected to be audited to reach the required audit total.

Four (4) contested races were chosen as required by law: 1 Federal race, 1 Statewide race, 1 Legislative race and 1 Statewide Ballot Measure were counted. Specifically, the following list display's the contested races that were audited:

- Federal Race – **U.S. Representative**
- Statewide Race – **Governor**
- Statewide Legislative Race – **State Representative**
- Statewide Ballot Measure – **Proposition 129**

The master precinct and race selection lists are attached for review. The physical hand count started at **9:15 a.m.** on **Saturday, November 12, 2022** and was concluded at **6:22 p.m.** on **Saturday, November 12, 2022**. The tabulation method used was the stacking method. The audit was conducted by 24 boards made up of 3 members, of which not more than 2 members were from the same political party. This hand count included votes cast on both the scan and accessible marking devices from the selected vote centers (polling places).

### **Early Ballot Audit:**

The required number of early ballots were audited as per Arizona State Law (1% of early ballots or 5,000, whichever is less). The early ballot audit consisted of 26 batches with at least 1 batch from every machine used for tabulation. Each batch contained approximately 200 early ballots. There was a over **1.3 million** early ballots cast in Maricopa County for the **November 8, 2022 General Election**.

### **Comments:**

Attached are the summary reports which depict the results of the hand count audit for each selected race/measure. The outcome confirmed the accuracy of the tabulation results and was within the variance and designated margin as defined by the Vote Count Verification Committee established by the Secretary of State.

THE FOLLOWING WORKSHEETS ARE THE SUPPORTING AND DETAILED COUNTS THAT WERE USED TO DERIVE THE ABOVE SUMMARIES AND DESIGNATED MARGIN PERCENTAGES.

---

If any variances occur, the specific Vote Center or Early Ballot Hand Count Reports that follow would indicate the reasons for these variances in the "Comments" section for the affected "Race Category". Those variances are noted as part of the designated margin calculation when "**Intent**" or "**Machine Error**" is deemed to have occurred based on the Board's audit.

For those variances noted as "Intent" errors, those reflect votes that were unreadable by the machine but were determined by the boards to be votes for a given candidate or issue based on the board determining the "intent" of the voter. As an example, ballots where the voter circled the candidate's name instead of filling in the oval for the given candidate (as instructed) OR where the voter marked the oval but did not fill in the oval sufficiently enough such as placing an "X" or using a checkmark instead of filling in the oval. The machine is faulted for this as an error despite it not actually being a machine read error. This "intent" occurrence is included as a machine error variance and is part of the designated margin calculation.

For any marks not read by the machine because they were too light or the board upon their review deemed the machine count to be in error, those would be listed as "machine errors" and those totals would be part of the designated margin calculations, if existing. All variances, if any, are noted in the final result reports that follow.
