RETRIEVED FROM DEMOCRACYDOCKET.COM

## INTRODUCTION

Plaintiffs' Amended Complaint does not resolve the fundamental deficiencies that prompted the Court to dismiss their first effort. It does not adequately allege standing, because it does not allege facts showing that the organizational plaintiffs have suffered any concrete injury traceable to the alleged NVRA violations, rather than to the inherent demands of a political campaign, and because the individual voters' alleged vote-dilution and decreased-confidence injuries fail as a matter of law. And it does not adequately allege a substantive violation of the NVRA, because it relies on inapposite statistical comparisons and other facts which simply do not support an inference that Defendants are failing to conduct reasonable list maintenance, as the NVRA demands. The Court should therefore dismiss the Amended Complaint.

## ARGUMENT

### **I. Plaintiffs lack standing.**

#### **A. The RNC and NVGOP fail to allege a traceable organizational injury.**

The Amended Complaint fails to allege an organizational harm to the RNC or NVGOP that is traceable to the alleged violation of the NVRA. Plaintiffs argue that Defendants' asserted violation leads to less reliable registration records that supposedly impair the RNC and NVGOP's mission to elect Republican candidates in various ways. But Plaintiffs fail to allege any concrete injuries that are directly traceable to Defendants' alleged conduct. Plaintiffs themselves admit that they would spend "money on ballot-chase efforts and other programs absent Defendants' violations." *See* Opp. to Interv.' MTD at 2. And the wasted efforts Plaintiffs complain about—occasionally knocking on the wrong door or sending a mailer to a bad address—are activities all too familiar to anyone who has ever worked on a political campaign, and they remain so even where states are in full compliance with the NVRA. After all, even Plaintiffs do not contend that the NVRA entitles them to perfect voter registration records. Nor do Plaintiffs allege with any specificity what role Nevada's raw registered voter list plays in their electoral efforts, as distinct from the more targeted data sources routinely used in political campaigns.

This case is therefore nothing like *National Council of La Raza v. Cegavske*, where Nevada

1 was completely failing to offer voter registration at certain state offices that were *compelled by*  
2 *law* to offer it. 800 F.3d 1032, 1036 (9th Cir. 2015). There, the route from the alleged violation to  
3 the alleged injury was straightforward: Nevada was unlawfully failing to offer voter registration  
4 to the plaintiff’s targeted groups, so the plaintiff had to spend money to do so in its stead. *See id.*  
5 Similarly, in *Georgia State Conference of NAACP v. Kemp*, “none of the [public assistance] offices  
6 visited . . . included a voter registration form with the benefits application, and eight of the eleven  
7 offices could not even provide a voter registration application upon request.” 841 F. Supp. 2d 1320,  
8 1325 (N.D. Ga. 2012). Plaintiffs in that case therefore had to “expend[] additional resources—  
9 such as staff and volunteer time—on efforts to assist individuals with voter registration” that  
10 should have been carried out by the government. *Id.* at 1336.

11 Here, in contrast, Plaintiffs cannot, of course, conduct list maintenance for Defendants—  
12 they are not charged with maintaining the registration list. They are left to argue instead that if  
13 Defendants conducted additional list maintenance, that would eventually result in somewhat more  
14 accurate voter rolls, which would in unspecified ways change Plaintiffs’ funding allocations or  
15 electoral activities. They do not allege how their allocations or activities would change, nor do  
16 they allege, for example, that they spend money differently in Nevada from in other states due to  
17 Defendants’ alleged NVRA violations. Absent any concrete description of what Plaintiffs would  
18 do differently, this line of reasoning fails to allege a sufficiently concrete injury. *See Lujan v.*  
19 *Defenders of Wildlife*, 504 U.S. 555, 563–64 (1992) (holding that harm based on vague future  
20 plans does not support Article III standing).

21 Nor do Plaintiffs adequately allege that any injuries are traceable to the alleged NVRA  
22 violation, rather than to a combination of Plaintiffs’ own choices and the unavoidable  
23 imperfections in voter registration data. Plaintiffs argue, for example, that the alleged existence of  
24 “more registered voters than . . . adult citizens” of voting age in some Nevada counties impedes  
25 their ability to conduct effective campaigns. Opp. to Interv.’ MTD at 3. But if it were as obvious  
26 as Plaintiffs say it is that the registered voter numbers are wrong (and it is not, *see infra* Part II),  
27 then Plaintiffs would have only themselves to blame for making decisions in reliance on those

1 numbers. Taking Plaintiffs’ own arguments seriously, they could and should instead just multiply  
 2 the national average voter registration rate by each county’s population from four years ago, which  
 3 Plaintiffs apparently believe is an accurate predictor of the current actual number of eligible voters.  
 4 *See* Am. Compl. ¶¶ 58–66 (arguing that Nevada’s voter list must be out-of-date primarily because  
 5 it diverges substantially from this number). Similarly, because the NVRA does not entitle Plaintiffs  
 6 to perfect voter rolls, Plaintiffs fail to show that the NVGOP’s decision to “conduct[] residency  
 7 discrepancy reports” is traceable to the alleged NVRA violations, rather than to the unavoidable  
 8 fact that voters sometimes move. *Id.* ¶¶ 24–25.

9 Plaintiffs’ reliance on *Maya v. Centex Corp.*, 658 F.3d 1060 (9th Cir. 2011), does not  
 10 overcome this traceability problem. Opp. to SOS’s MTD at 8. While Plaintiffs do not mention it,  
 11 *Maya* in fact affirmed the dismissal of some of the plaintiffs’ claims for failure to adequately allege  
 12 traceability, holding that the plaintiffs did not allege facts showing that some of their forms of  
 13 injury were traceable to the defendants’ alleged actions rather than to “general economic  
 14 influences.” *Maya*, 658 F.3d at 1072–73. Plaintiffs here fail to show traceability for their alleged  
 15 organizational injuries for similar reasons: they do not allege facts showing that their injuries flow  
 16 from the alleged NVRA violations, rather than other inevitable features of political campaigns.

17 **B. Plaintiffs’ members and Mr. Johnston lack standing.**

18 Plaintiffs also continue to argue that Defendants’ alleged violations injure individual voters  
 19 like Mr. Johnston “by risking the dilution of [their] right to vote.” Opp. to SOS’s MTD at 12. This  
 20 type of injury is insufficiently particularized to confer standing, as courts across the country  
 21 (including this one, *see* 6/18/24 Tr. at 24:1-20) have held. *See* Interv.’ MTD Am. Compl. at 13-15.  
 22 In arguing otherwise, Plaintiffs rely on several redistricting cases. *See* Opp. to SOS’s MTD at 12-  
 23 14 (citing *Baker v. Carr*, 369 U.S. 186, 208 (1962) and *Kravitz v. Dep’t of Com.*, 336 F. Supp. 3d  
 24 545, 558 (D. Md. 2018)). But as Intervenor has explained, Interv.’ MTD Am. Compl. at 14 n.4,  
 25 vote dilution in the redistricting context presents an entirely different issue, because it involves the  
 26 dilution of some voters’ voting strength *as compared to others*—a concern entirely absent where  
 27 the alleged injury flows from supposedly illegal votes. *See, e.g., Bognet v. Sec’y Commonwealth*

1 of *Pa.*, 980 F.3d 336, 355 (3d Cir. 2020) (emphasis added).

2 Plaintiffs’ handful of NVRA cases are not really to the contrary, either. In *Green v. Bell*,  
 3 No. 3:21-cv-00493-RJC-DCK, 2023 WL 2572210, at \*5 (W.D.N.C. Mar. 20, 2023), the defendant  
 4 “d[id] not dispute that a voter suffers a concrete injury when his or her vote is diluted.” Here, that  
 5 point is disputed. In *Judicial Watch, Inc. v. Griswold*, 554 F. Supp. 3d 1091, 1104 (D. Colo. 2021),  
 6 and *Judicial Watch Inc. v. King*, 993 F. Supp. 2d 919, 924 (S.D. Ind. 2012), the courts found  
 7 standing based on undermined “confidence” in the integrity of the electoral process, not vote  
 8 dilution. The same is true of the oral order in *Daunt v. Benson*, which Plaintiffs attach to their  
 9 Motion to Dismiss Response. *See* ECF No. 108-1 at 17–18 (focusing on the voter’s “concern[]  
 10 about” vote dilution and enforcement of election law, rather than finding standing based on the  
 11 alleged dilution itself). The undermined-confidence theory from those cases fails for a different  
 12 reason: it is just a dressed-up interest in the enforcement of the law, a form of “psychic satisfaction  
 13 [that] . . . does not redress a cognizable Article III injury.” *Steel Co. v. Citizens for a Better Env’t*,  
 14 523 U.S. 83, 107 (1998). And there is a tsunami of decisions rejecting Plaintiffs’ theory of “vote  
 15 dilution” as a cognizable injury-in-fact for Article III purposes. *O’Rourke v. Dominion Voting Sys.*  
 16 *Inc.*, No. 20-CV-03747-NRN, 2021 WL 1662742, at \*9 (D. Colo. Apr. 28, 2021) (collecting  
 17 cases), *aff’d*, No. 21-1161, 2022 WL 1699425 (10th Cir. May 27, 2022).

18 Finally, in a last ditch effort to make their case for standing, Plaintiffs argue that “[e]ven  
 19 if” their factual allegations “would be too speculative in a vacuum, ‘Congress has the power’ to  
 20 make [them] satisfy Article III, as it did here by enacting a private right of action for violations of  
 21 the NVRA.” *See* Opp. to SOS MTD at 13. But the NVRA’s creation of a private right of action,  
 22 *see* 52 U.S.C. § 20510(b), does not absolve Plaintiffs from meeting the requirements for Article  
 23 III standing. *See Bassett v. ABM Parking Servs., Inc.*, 883 F.3d 776, 781 (2018) (“Congress cannot  
 24 erase Article III’s standing requirements by statutorily granting the right to sue to a plaintiff who  
 25 would not otherwise have standing”). Moreover, Congress expressly created a private cause of  
 26 action only for parties “aggrieved” by an NVRA violation. *See* 28 U.S.C. § 20510(b). Plaintiffs  
 27 are wrong to say this cause of action would be surplus if groups like Plaintiffs lack standing to sue,  
 28

1 because the cause of action would still allow voters whose registrations are improperly cancelled  
2 to sue to redress the resulting concrete injury.

## 3 **II. Plaintiffs do not allege facts showing a violation of the NVRA.**

4 The Amended Complaint also fails to state a claim on the merits. Section 8 of the NVRA  
5 requires only a “reasonable effort to remove the names’ of voters who are ineligible ‘by reason  
6 of’ death or change in residence.” *Husted v. A. Philip Randolph Inst.*, 584 U.S. 756, 761 (2018)  
7 (quoting 52 U.S.C. § 20507(a)(4)). Plaintiffs fail to allege a violation of this requirement because  
8 they make no allegations about what it is about Nevada’s list-maintenance procedures that fall  
9 short of the required reasonable effort. They instead make allegations only about *results*: they say  
10 there are too many registered voters, and too many inactive voters. But the NVRA regulates the  
11 means, not the ends: it requires a reasonable effort, and Plaintiffs do not allege anything about  
12 Nevada’s effort that could show it to be unreasonable.

13 Nevada law contains detailed list maintenance provisions, which require election officials  
14 to follow a process to make voters inactive, and ultimately cancel their registrations, if mailed  
15 notices are returned as undeliverable, NRS 293.530(1)(c), and to cancel their registration if the  
16 official learns of their death, NRS 293.540(2)(a). Nevada law also requires election officials to  
17 “compare the statewide voter registration list to the vital statistics records maintained by the State  
18 Registrar of Vital Statistics” *daily* to identify deceased voters, NAC 293.464, and it authorizes  
19 election officials to “use any reliable and reasonable means” to update the voter registration list,  
20 NRS 293.530(1)(a), and to “enter into an agreement with the United States Postal Service” to  
21 obtain change of address information for use in list maintenance, NRS 293.5303, 293.5307.

22 Plaintiffs allege neither that these legal procedures are facially inadequate nor any concrete  
23 facts showing that they are not being followed. Plaintiffs do not, for example, identify any  
24 procedure that would be required to render Nevada’s maintenance efforts “reasonable” that  
25 Nevada law does not already mandate or authorize election officials to undertake. Nor do they  
26 identify any deficiency with the procedures that are authorized. Plaintiffs’ theory must, therefore,  
27 be that the procedures are not being followed. But “in the absence of clear evidence to the contrary,  
28

1 courts [are to] presume that [public officials] have properly discharged their official duties.”  
 2 *Hebrard v. Nofziger*, 90 F.4th 1000, 1009 (9th Cir. 2024) (alterations in original). “This  
 3 presumption of regularity applies equally to a state official’s compliance with state law.” *Id.* (citing  
 4 *Nieves v. Bartlett*, 587 U.S. 391, 400 (2019)). Where a claim depends on the conclusion that a state  
 5 official violated state law, a plaintiff must allege facts supporting that conclusion to avoid dismissal  
 6 for failure to state a claim. *See id.* Plaintiffs make no such showing.

7 Plaintiffs’ allegations fall into two categories. First, they rely on allegations about *results*:  
 8 they say Defendants must be doing something wrong because the list maintenance results are  
 9 supposedly so poor. In support of this argument, they point to purportedly too-high registration  
 10 rates in several Nevada counties, to a higher-than-average percentage of inactive voters, and to  
 11 4,684 inactive voters who, they say, should have had their registrations cancelled. None of these  
 12 sets of allegations supports an inference that Defendants have violated the law, nor can they  
 13 overcome the presumption that Defendants have followed it. *See Hebrard*, 90 F.4th at 1009.

14 The supposedly high registration rates that Plaintiffs allege are an obvious artifact of a poor  
 15 statistical comparison: Plaintiffs are comparing the number of registered voters *in 2024* with the  
 16 population of Nevada counties *in 2020*, four years earlier. *See Interv.’ MTD Am. Compl.* at 19.  
 17 Nevada’s population has rapidly grown, so it is no surprise that the number of registered voters  
 18 has grown, too—that obvious fact does not provide any reason to question Defendants’ list  
 19 maintenance efforts. Plaintiffs have no answer to this point. They complain that they are using the  
 20 most up-to-date data available, *Opp. to SOS MTD* at 19, but the fact remains: the best available  
 21 data is too out-of-date to support an inference of wrongdoing by Defendants, given the “obvious  
 22 alternative explanation” that Nevada’s population has simply grown. *Bell Atl. Corp. v. Twombly*,  
 23 550 U.S. 544, 566–68 (2007). And that some other courts have accepted a comparison based on  
 24 ACS data, in other states that were perhaps not experiencing such rapid population growth, *see*  
 25 *Opp. to SOS MTD* at 19, does nothing to support Plaintiffs’ use of it in fast-growing Nevada.

26 Nevada’s supposedly high rate of inactive voters does nothing to help Plaintiffs either. Note  
 27 at the outset a contradiction: voters are made inactive only as a result of list maintenance. *See NRS*

293.530(1)(g). A high percentage of inactive voters therefore shows that Nevada is conducting list maintenance, not failing to conduct it. And even putting that to one side, Plaintiffs' only possible complaint about these inactive voters would be that they should have been fully removed from the rolls. But both Nevada law and the NVRA restrict when that can happen: only after voters fail to vote for two subsequent federal election cycles, over four years. *See* NRS 293.530(1)(c); 52 U.S.C. § 20507(d)(1). Until that has happened, the NVRA *prohibits* the cancellation of these voters' registrations.

The fact that Nevada has a 16% inactive rate, compared to an 11% national average, could therefore be suggestive of a list-maintenance problem only if it could be explained by the inclusion of a substantial number of inactive voters who could and should have had their registration cancelled. But the Amended Complaint affirmatively alleges facts that rule out that explanation. Plaintiffs helpfully allege that they have only identified 4,684 inactive voters across the entire state who have been on the inactive list long enough that their registrations should have been cancelled. *See* Am. Compl. ¶ 79. That represents less than 0.2% of Nevada's almost 2.4 million registered voters.<sup>1</sup> The rest of the inactive voters could not possibly have been removed under the Amended Complaint's own allegations, because they have not been inactive for two general election cycles. So, whatever the cause of Nevada's 16% inactive rate as compared to the 11% national average, the Amended Complaint affirmatively disproves that it is a matter of Defendants' failure to follow Nevada's list maintenance procedures, as would be required for Plaintiffs to state a claim.

That leaves the second category of Plaintiffs' allegations: a handful of more specific complaints about particular procedures. Plaintiffs level three such complaints, but none suffices to support their claims. First, Plaintiffs point to their allegation that there are 4,684 voters who have been inactive for more than two federal election cycles. *Opp.* to SOS MTD at 21. Plaintiffs say this shows that Defendants are not following Nevada law, which would require removal if inactive

---

<sup>1</sup> *See Voter Registration Statistics*, Off. of Nev. Sec'y of State (Aug. 1, 2024), <https://www.nvsos.gov/sos/home/showpublisheddocument/14314/638581855163970000>. Plaintiffs incorporated these statistics by reference in their Amended Complaint. *See* Am. Compl. ¶ 58 (relying on the "most up-to-date" count of registered voters available from the Nevada Secretary of State).

1 voters failed to vote, or otherwise reactivate their registrations, for two federal elections. *Id.* (citing  
 2 NRS 293.530). But as Intervenor explained, and Plaintiffs ignore, Plaintiffs’ allegations show no  
 3 such thing: it is entirely possible that this tiny portion of Nevada’s registered voters were inactive,  
 4 became reactivated, and then became inactive again between the two snapshots on which Plaintiffs  
 5 rely. Intervenor’s MTD Am. Compl. at 20. Tellingly, Plaintiffs have no answer to this point.

6 Second, Plaintiffs point to voters registered at alleged non-residential addresses. Opp. to  
 7 SOS MTD at 22. This is wrong twice over. Plaintiffs’ blithe statement that voters “couldn’t  
 8 ‘actually reside’” in parking lots or demolished buildings ignores that homeless individuals, and  
 9 others who may not have a traditional residence, are entitled to register and vote, too, by providing  
 10 a street address closest to where they actually reside. NRS 293.486(1). It also ignores that the  
 11 character of buildings changes: before demolished buildings were demolished, people may have  
 12 lived there, and NVRA does not permit, much less require, election officials to immediately cancel  
 13 the registration of voters whose prior place of residence is demolished—they must wait until the  
 14 individual fails to vote for two federal election cycles. *See* NRS 293.530(1)(c); 52 U.S.C. §  
 15 20507(d)(1)(B)(ii). In a companion lawsuit in Washoe County nearly identical to the *Kraus* case  
 16 that Plaintiffs rely on for this point, the Washoe Registrar has provided an exhaustive  
 17 demonstration of the fact that many of the supposedly “non-residential” addresses at which voters  
 18 are supposedly registered were residential buildings quite recently, and that the voters who used  
 19 to live at them have been or soon will be the subject of list maintenance in the ordinary course. *See*  
 20 *Kraus v. Burgess*, Doc. 28, No. CV24-01051 (2nd Jud. Dist., Washoe Cty. July 15, 2024), attached  
 21 hereto as Ex. A.<sup>2</sup>

22 Finally, Plaintiffs point to the Secretary’s mailing of postcards to registered voters shortly  
 23 before the presidential primary election, alleging that the Secretary did not track undeliverable  
 24 postcards for list maintenance purposes. Am. Compl. ¶ 80. That, of course, occurred after  
 25 Plaintiffs’ December 4, 2023, notice letter, and shortly before an election, at a time when election  
 26

---

27 <sup>2</sup> The Court may take judicial notice of “matters of public record” in ruling on a motion to  
 28 dismiss. *MGIC Indem. Corp. v. Weisman*, 803 F.2d 500, 504 (9th Cir. 1986).

officials were prohibited by the NVRA from conducting any systematic list maintenance program. 52 U.S.C. § 20507(c)(2)(A). And Plaintiffs' own allegations confirm that they do not, in fact, know whether the Secretary maintained records of undeliverable postcards for later use. *See* Am. Compl. ¶¶ 80-81 (after alleging that the Secretary did not track undeliverable postcards, alleging in the alternative that "even if information about undeliverable postcards is available to the Secretary," that the Secretary did not yet share that information with the counties). "[T]he Court need not accept inconsistent allegations in a complaint as true." *Sacco v. Mouseflow, Inc.*, No. 2:20-cv-02330-TLN-KJN, 2022 WL 4663361, at \*2 (E.D. Cal. Sept. 30, 2022) (citing cases).

Thus, neither the general allegations about the results of Defendants' list maintenance nor the allegations about concrete alleged problems in fact supports an inference that Defendants have violated the NVRA, particularly given the applicable presumption of regularity. The Court should dismiss Plaintiffs' claims for failure to state a claim.

### CONCLUSION

For the reasons stated above, Plaintiffs' Amended Complaint should be dismissed.

11 ATTORNEYS FOR CARI-ANN BURGESS

12 **IN THE SECOND JUDICIAL DISTRICT COURT OF THE STATE OF NEVADA**

13 **IN AND FOR THE COUNTY OF WASHOE**

14 \* \* \*

15 FREDERICK H. KRAUSE; PUBLIC  
16 INTEREST LEGAL FOUNDATION,

17 Petitioners,

18 vs.

19 CARRIE-ANN BURGESS, in her capacity as  
20 Washoe County Interim Registrar of Voters,

21 Respondent.

Case No.: CV24-01051

Dept. No.: 4

22 **MOTION TO DISMISS PETITION FOR WRIT OF MANDAMUS**

23 Cari-Ann Burgess, in her capacity as Interim Washoe County Registrar of Voters (the  
24 Registrar), by and through undersigned counsel, moves to dismiss the *Petition for Writ of*  
25 *Mandamus* filed by Frederick Krause and the Public Interest Legal Foundation (Petitioners).  
26 This Motion is made and based on NRCP 12(b)(5), NRS Chapter 34, the following  
memorandum of points and authorities, the pleadings and papers on file herein, and any other  
evidence the Court may deem appropriate to consider in this matter.

///

## MEMORANDUM OF POINTS AND AUTHORITIES

### I. INTRODUCTION

Petitioners submitted a letter to the Registrar on April 11, 2024, which included addresses they contend are not the residential addresses of any Washoe County voters, despite appearing on the Nevada list of registered voters. *Petition*, Ex. A. Petitioners demanded the addresses be promptly investigated by the Registrar and any necessary corrections be made before the primary election on June 11, 2024. *Id.* However, Petitioners do not follow, or even acknowledge, the specific statutory procedures in place in Nevada law allowing a person to challenge another person's right to vote based on the registered voter's residence. Absent compliance with NRS 293.535 or NRS 294.547, Petitioners have no legal right to have their allegations challenging the residence of Washoe County registered voters investigated. Further, the statute upon which they make their demand for investigation of addresses, NRS 293.530, specifically grants the Registrar discretion whether to utilize reasonable and reliable information to investigate the residence of registered voters in the County. The list of addresses Petitioners submitted is not reasonable and reliable, but even if it was, a writ of mandamus is inappropriate to compel a discretionary act. Therefore, the Petition for Writ of Mandamus must be dismissed.

### II. LEGAL STANDARD

A writ of mandamus "is an extraordinary remedy, reserved for extraordinary causes." *Archon Corp. v. Eighth Judicial Dist. Court*, 133 Nev. 816, 819, 407 P.3d 702, 706 (citing *Ex Parte Fahey*, 332 U.S. 258, 260 (1947)). The Court has discretion to issue a writ of mandamus only "to compel the performance of an act which the law especially enjoins as a duty resulting from an office, trust or station[.]" NRS 34.160; *Smith v. District Court*, 107 Nev. 674, 677, 818 P.2d 849, 851 (1991).

Mandamus may not be used to compel a discretionary act. *Building & Constr. Trades v. Public Works*, 108 Nev. 605, 609, 836 P.2d 633, 636 (1992). The petitioner must satisfy the substantial burden of demonstrating a clear right to the particular action sought. *Dep't of Health*

1 & *Hum. Servs. v. Eighth Jud. Dist. Ct.*, 139 Nev. Adv. Op. 28, 534 P.3d 706, 710 (2023) (citing  
 2 *Walker v. Second Judicial Dist. Court*, 136 Nev. 678, 680, 476 P.3d 1194, 1196 (2020)). A writ  
 3 of mandamus may be issued if: “(1) the petitioner establishes a legal right to have the act that  
 4 their petition requests done; (2) the respondent has a duty to perform the requested action; and  
 5 (3) the petitioner ‘has no other plain, speedy and adequate remedy.’” *Id.*

6 The Nevada Rules of Civil Procedure are applicable in mandamus proceedings. *See*  
 7 NRS 34.300. NRCP 12(b)(5) provides a claim may be dismissed for failure to state a claim on  
 8 which relief can be granted. Although the Court must accept a plaintiff’s factual allegations as  
 9 true, the allegations must be “legally sufficient to constitute the elements of the claim asserted.”  
 10 *Garcia v. Prudential Ins. Co. of Am.*, 129 Nev. 15, 19, 293 P.3d 869, 871-872 (2013).

11 **III. A writ of mandamus cannot be issued to compel a discretionary act, in**  
 12 **circumvention of the requirements set forth in law, to challenge a voter’s residence.**

13 The Petition fails to state a claim on which relief can be granted because Petitioners can  
 14 show no legal right to have the addresses they submitted to the Registrar investigated, nor can  
 15 they demonstrate the Registrar has a duty to perform the requested act.<sup>1</sup>

---

16  
 17 <sup>1</sup> In addition to failing on its merits, the Petition must be dismissed under the political question doctrine.  
 18 Expressly “prohibiting any one branch of government from impinging on the functions of another,” the political  
 19 question doctrine provides “controversies are precluded from judicial review when they revolve around policy  
 20 choices and value determinations constitutionally committed for resolution to the legislative and executive  
 21 branches.” *Comm’n on Ethics v. Hardy*, 125 Nev. 285, 292, 212 P.3d 1098, 1109 (2009); *N. Lake Tahoe Fire v.*  
 22 *Washoe Cnty. Comm’rs*, 129 Nev. 682, 686, 310 P.3d 583, 586 (2013). Dismissal of an action is warranted if the  
 23 allegations in the complaint are inextricably linked to any of the following factors:

24 [A] textually demonstrable constitutional commitment of the issue to a coordinate political  
 25 department; or a lack of judicially discoverable and manageable standards for resolving it; or the  
 26 impossibility of deciding without an initial policy determination of a kind clearly for nonjudicial  
 discretion; of the impossibility of a court’s undertaking independent resolution without expressing  
 lack of the respect due coordinate branches of government; or an unusual need for unquestioning  
 adherence to a political decision already made; or the potentiality of embarrassment from  
 multifarious pronouncements by various departments on one question.  
*N. Lake Tahoe Fire*, 129 Nev. at 688, 310 P.3d at 588 (adopting the factors provided in *Baker v. Carr*, 369 U.S. 186,  
 217 (1962)). Court action in this case cannot be purely enforcement of the laws, but instead would require the Court  
 to make an initial policy determination of a kind clearly for nonjudicial discretion. Further, the Court is being called  
 upon to made determinations that lack judicially discoverable and manageable standard for resolving. This Petition  
 completely fails on its merits as it is seeking to compel a discretionary act and Petitioners have no legal right to the  
 relief they request; but additionally, this Petition is subject to dismissal pursuant to the political question doctrine.

**A. A person's right to challenge the residence of a registered voter requires compliance with either NRS 293.535 or NRS 293.547.**

Petitioners sent a letter to the Registrar<sup>2</sup> on April 11, 2024, identifying “numerous addresses listed as residential that appeared to be commercial buildings where no one resides.” *Petition*, Exhibit A. The submission indicates that each identified address, “on information and belief,” is not a place where people reside. *Id.* Petitioners further assert, “On information and belief, Respondent Burgess has not taken any action pursuant to NRS 293.530 to investigate the addresses that were brought to her attention on April 11, 2024, nor made any corrections.” *Id.* at 44, ¶ 28.

The Nevada Legislature has codified two processes for a person to challenge the residence of a registered voter. First, any elector or other reliable person may file an affidavit, based on personal knowledge, stating that a registrant has moved outside the boundaries of the county where he or she is registered to another county, state, territory, or foreign country, with the intention of remaining there for an indefinite time and with the intention of abandoning his or her residence in the county where registered. NRS 293.535(1). When such an affidavit is received, the Registrar “shall notify the registrant in the manner set forth in NRS 293.530 and shall enclose a copy of the affidavit. If the registrant fails to respond or appear to vote within the required time, the county clerk shall cancel the registration.” NRS 293.535(2).

Petitioners bring this Petition for Writ of Mandamus asserting the Registrar should be ordered to investigate the residence of certain unnamed registered voters, but they have not followed the process set forth in NRS 293.535 that would obligate the Registrar to act. A precondition to the Registrar investigating the residence of a registered voter pursuant to NRS 293.530, when based on a challenge by a private-party, is receipt of an affidavit, based on

---

<sup>2</sup> Washoe County has appointed a Registrar of Voters in accordance with NRS 244.164(1). The Registrar of Voters “assumes all of the powers and duties vested in and imposed upon the county clerk of the county with respect to elections....” NRS 244.164(2). As such, references to the county clerk in NRS Chapter 293 have been assumed by the Registrar.

1 personal knowledge, asserting that a person has moved outside the county, with the intention of  
2 remaining outside the county and with the intention of abandoning the persons residence in the  
3 county. NRS 293.535(1). Petitioners have not submitted any affidavit to support their  
4 allegations. Instead, the entirety of the Petition is based solely “on information and belief,” and  
5 does not make any assertions based on personal knowledge and fails to even identify the name of  
6 the registered voters being challenged, much less their current residence or intent. *See Petition* at  
7 7-43. The letter submitted does not comply with the requirements to challenge the residence of a  
8 voter pursuant to NRS 293.535(1). As such, the Registrar is not required by NRS 293.535 to  
9 investigate the residence of the challenged voters in the manner set forth in NRS 293.530.

10 NRS 293.547 provides a second avenue through which a person may challenge another  
11 person’s right to vote based on residency requirements. Between the 25<sup>th</sup> and 30<sup>th</sup> days before an  
12 election, NRS 293.547 allows a registered voter, who is registered to vote in the same precinct as  
13 the person whose right to vote is challenged, to submit a signed and verified written challenge  
14 based on personal knowledge. NRS 293.547(1)-(3). A written challenge pursuant to NRS  
15 293.547 may name only one person whose right to vote is challenged. NRS 293.547(4). When a  
16 written challenge is received pursuant to NRS 293.547(1)-(3), the Registrar must, among other  
17 things, “mail a notice in the manner set forth in NRS 293.530 to the person whose right to vote  
18 has been challenged” within five days. NRS 293.547(5)(b). Petitioners demand an investigation  
19 of the addresses they submitted, citing NRS 293.530, but their letter falls far short of the  
20 requirements of NRS 294.547 which are preconditions to the investigation by the Registrar.

21 Petitioners cannot demonstrate they have a legal right to have the addresses identified in  
22 their letter investigated because they have not complied with either NRS 293.535 or NRS  
23 293.547. Petitioners cannot demonstrate they have a legal right to the relief they request, as is  
24 required to support the issuance of a writ of mandamus. On this basis alone, the Petition for Writ  
25 of Mandamus should be denied.

26 ///

**B. Mandamus is inappropriate as Petitioners are seeking to compel a discretionary act.**

Petitioners seek a writ of mandamus compelling Respondent “to determine whether commercial addresses on the voter roll are accurate and, if not, make corrections.” *Petition* at 45, ¶ 1. To support this demand, Petitioners rely on NRS 293.530(1)(a), which provides “County clerks may use any reliable and reasonable means available to correct the portions of the statewide voter registration list which are relevant to the county clerks and to determine whether a registered voter’s current residence is other than that indicated on the voter’s application to register to vote.”<sup>3</sup> The plain language of the statute makes clear that when presented with reliable and reasonable information, the Registrar has discretion whether to take action pursuant to NRS 293.530(1)(a). The use of the word “may” demonstrates that even if the reasonableness and reliability of data is undisputed, the Registrar is authorized, but not required, to use the information to determine if a voter’s residence is other than that indicated on the voter’s application to register to vote.<sup>4</sup>

---

<sup>3</sup> In addition to NRS 293.530, the *Petition* cites to NRS 293.675 but fails to make any substantive arguments as to how the Registrar has violated this statute. NRS 293.675 describes the database that is established and maintained by the Secretary of State to collect and store information related to the preregistration and registration of Nevada voters. NRS 293.675(1). The statute provides that the voter list must be “regularly maintained to ensure the integrity of the registration process and the election process” and goes on to require that the Secretary of State enter agreements with the State Registrar of Vital Statistics and the Department of Motor Vehicles to match information in the statewide voter roll with the government records of these departments. NRS 293.675(3)(i); NRS 293.675(5-8). The only duty NRS 293.675 imposes on the Registrar, however, is the duty to electronically enter all information related to voter preregistration and registration received by the Registrar into the database and the duty to provide the Secretary of State with information concerning the voter registration of the county when requested, in the format required by the Secretary of State. NRS 293.675(4). Nothing in NRS 293.675 supports the Petitioner’s request for a writ of mandamus to be issued against the Registrar based on her failure to “investigate” their unsworn submission of a list of addresses.

<sup>4</sup> Elections are governed by both federal and state laws. The National Voter Registration Act of 1993 (NVRA) provides that programs to remove the names of ineligible voters from voter rolls must be “uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965.” 52 U.S.C. § 20507(c)(2)(A). Additionally, “[a] State shall complete, not later than 90 days prior to the date of a primary or general election for federal office, any program the purpose of which is to systematically remove the names of ineligible voters from the official lists of eligible voters.” 52 U.S.C. § 20507(c)(2)(A). Petitioners were notified following receipt of their April 11, 2024, letter, which demanded the Registrar “make appropriate corrections” to the voter rolls, that no action could be taken as the letter was received within the 90-day window during which the NVRA prohibits States from conducting voter list maintenance programs. *Petition* Ex. A; *Petition*, Ex. B. Despite the relief requested clearly

1 Assuming only for purposes of this argument that the list Petitioners submitted is  
2 reasonable and reliable, Petitioners cannot demonstrate the Registrar has a legal duty to use  
3 their information to investigate and correct the voter roll, as they demand. *Petition*, Ex. A. To  
4 the contrary, NRS 293.530 explicitly gives the Registrar the discretion to determine whether to  
5 use certain means to determine if a voter's current residence is other than that indicated on the  
6 voter's application to register to vote. Petitioners cannot obtain a writ of mandamus because  
7 they cannot demonstrate the Registrar has a duty to perform the requested action.

8 **C. The data submitted is not reasonable and reliable such that the Registrar**  
9 **could rely on it to correct the voter registration list.**

10 The Registrar may use any reliable and reasonable means available to correct the  
11 voter registration list and to determine whether a registered voter's current residence is other  
12 than that indicated on the voter's application to register to vote. NRS 293.530(1). The process  
13 of investigating a registered voter's residence includes sending a written notice to the voter,  
14 which the United States Postal Service is required to forward if a forwarding address is  
15 available. NRS 293.530(1)(c). The written notice includes a postage guaranteed return  
16 postcard that has a place for the registered voter to update their address. *Id.* If the voter  
17 confirms or updates their address, the Registrar makes any necessary corrections. NRS  
18 293.530(1)(f). If the voter fails to respond to the postcard within 30 days, the Registrar must  
19 designate the voter as inactive. NRS 293.530(1)(g). The Registrar may only cancel the voter's  
20 registration pursuant to NRS 293.530 if, after sending written notice and not receiving a  
21 response, the voter does not appear to vote in the two federal general elections subsequent to the  
22 date the written notice was sent. NRS 293.530(1)(c)(4).

23 Noting that Nevada has recently expanded voting by mail, which requires the Registrar  
24 to send a mail ballot to each active registered voter, Petitioners feign concern about "mail  
25

26 being contrary to Federal law at the time it was submitted to the Registrar, Petitioners nonetheless petitioned for a writ of mandamus within the 90-day NVRA restricted period.

1 ballots being sent to incorrect addresses,” yet present a list of addresses associated with  
 2 primarily inactive and cancelled voters to the Registrar, voters who do not as a matter of law  
 3 receive a mail ballot. *Petition* at ¶ 7; NRS 293.269911. Ignoring that the decision to use  
 4 information pursuant NRS 293.530(1) is in the discretion of the Registrar, in seeking a writ of  
 5 mandamus Petitioners expect this Court to presume that their list of addresses, which fails to  
 6 identify a single active registered voter by name and which they concede includes addresses of  
 7 voters already identified as inactive, is reliable and reasonable.<sup>5</sup> *Petition* at Ex. B, p. 2. It is  
 8 neither.<sup>6</sup>

9 Petitioners demand that the Registrar investigate 465 W. Second Street. *Petition* at 24.  
 10 This location formerly housed the Seven Eleven Motor Lodge, which was a motel where people  
 11 certainly could have resided prior to its demolition. *Id.* at 24-25. Of the 21 voters that used this  
 12 address as the last residential address at which they were registered to vote, the registration of  
 13 14 have already been cancelled and the remaining 7 have had their status changed to inactive.  
 14 Ex. A at ¶ 7; Ex. B at 1-21.

15 Similarly, Petitioners identify the site of the former Morris Burner Hostel at 400 E.  
 16 Fourth Street as an address warranting the investigation of the Registrar. *Petition* at 26-27. Of  
 17 the 58 voters that have this address as their most recent residential address on their voter  
 18 registration, the registration of 50 have already been cancelled, 6 have had their status changed  
 19 to inactive, and only 1 voter continues to have an active voter registration at this address. Ex. A  
 20 at ¶ 8; Ex. B at 22-79. That single active registered voter was sent a written notice pursuant to  
 21 NRS 293.530(c) in the normal course of the Registrar’s list maintenance activities following the  
 22

---

23 <sup>5</sup> Again, the submission by Petitioners is not based on personal knowledge of a voters residence, nor is it  
 24 presented in a sworn affidavit, both requirements the Legislature has determined are mandatory when a person is  
 challenging another person’s right to vote. NRS 293.535; NRS 293.547.

25 <sup>6</sup> Even if the list were reasonable and reliable, the NVRA requires the Registrar to conduct list maintenance  
 26 activities in a manner that is “uniform, nondiscriminatory, and in compliance with the Voting Rights Act of 1965.”  
 52 U.S.C. § 20507(b)(1). As detailed below, an investigation of only a portion of the addresses to determine  
 reliability of the data submitted demonstrates that the list submitted by Petitioners largely targets marginalized  
 populations, including those that resided in extended stay motels and hostels.

1 June 11, 2024, primary because a mail ballot sent was returned undeliverable. *Id.* This  
2 registered voter was one of the more than 40,000 Washoe County registered voters who were  
3 sent written address confirmation notices based on the Registrar's ongoing list maintenance  
4 programs following the primary election. Ex. A at ¶ 3, ¶ 8.

5 Petitioners also identify the former Mardi Gras Motor Lodge at 200 W. Fourth Street as  
6 an address being listed as a residence on the Nevada voter roll, which until 2021 was a motel  
7 where people certainly could have resided. *Petition* at 11-12. Of the 16 voters that have this  
8 address as their most recent residential address, the registration of 13 have already been  
9 cancelled, 2 have had their status changed to inactive, and only one voter continues to have an  
10 active registration at this address. Ex. A at ¶ 9; Ex. B at 80-95. Just as occurred with the single  
11 active registered voter still registered at the former Morris Burner Hostel, in the ordinary course  
12 of the Registrar's list maintenance activities following the primary election on June 11, 2024,  
13 the single active voter registered at the former Mardi Gras Motor Lodge was identified by an  
14 undeliverable mail ballot and has been sent a written address confirmation notice to start the  
15 required process pursuant to NRS 293.530(c). Ex. A at ¶ 3, ¶ 9.

16 Petitioners demand that the Registrar investigate 128 E. Sixth Street, a lot that  
17 previously contained a single-family home but continues to be included as a residential address  
18 on the Nevada voter roll. *Petition* at 11. Unsurprisingly, a review of voter history for this  
19 address demonstrates that three voters were previously registered at the address Petitioners  
20 concede was a home; however, two of those registrations have been cancelled and the other is  
21 already inactive. Ex. A at ¶ 10; Ex. B at 96-98.

22 Petitioners identified 2745 Elementary Drive, a local park with "acres of open space," as  
23 an address that should be investigated because "on information and belief, no one resides at this  
24 location despite one individual listing it as a residence on the Nevada voter roll." *Petition* at 7-  
25 8. Petitioners again fail to note that this registered voter's status is already inactive. Ex. A at ¶  
26 11; Ex. B at 99. The voter registered the park as the place she actually resides and the local

1 homeless shelter prior to 2021, located at 335 Record St., as her mailing address. Ex. B at 99.  
2 The Petitioner's demand for the Registrar to investigate this already inactive voter is meritless.

3 It is unclear why Petitioners have brought 135 N. Sierra Street, A-1, to the attention of  
4 the Registrar and Court, as the four voters that have used this U.S.P.S. Approved Postal  
5 Provider address as their residential address have already been cancelled or made inactive. As  
6 no active voters are registered at this address, Petitioners cannot genuinely assert concern. Ex.  
7 A at ¶12; Ex. B at 100-103.

8 Petitioners purportedly inspected the automotive shop at 1500 E. Fourth Street and note  
9 that, at this time, there do not appear to be any "living quarters or vehicles at the location."  
10 *Petition* at 13-14. Significantly, in addressing this address Petitioners appear to acknowledge  
11 that a person living in their vehicle could legally register to vote at a business address if they  
12 actually reside there. *Id.*; *See also* NRS 293.507(4)(c). Nonetheless, Petitioners findings are  
13 consistent with Washoe County voter records as the status of the voter that most recently used  
14 this address as his residence is already inactive. Ex. A at ¶ 13; Ex. B at 104.

15 Petitioners assert, based on the observations of their "site visitors," that the address at  
16 2501 E. Fourth Street is a restaurant and, as far as they can tell, nobody lives there. *Petition* at  
17 14-15. The site visitors noted that there are residential buildings immediately adjacent to the  
18 restaurant but believe those residences have different street addresses. *Id.* The *Petition* does  
19 nothing to explain why some voters registered at this address specifically identify their  
20 residence as "Apt. A." Ex. A at ¶ 14; Ex. B at 105, 110. Certainly, this suggests the "site  
21 visitors" may not be able to adequately observe the possible subdivision of mixed-use buildings  
22 in their quest to question citizens' right to vote.<sup>7</sup> There are currently five active voters  
23

---

24 <sup>7</sup> This may be a perfect example of why the Legislature requires a person challenging another person's residence  
25 to file a written challenge only if 1) the person is registered to vote in the same precinct as the person whose right to  
26 vote is challenged, 2) the challenge is based on the personal knowledge of the registered voter, and 3) the challenge  
is signed and verified by the registered voter and names the person whose right to vote is challenged and the ground  
of the challenge. NRS 293.547. Petitioners cannot satisfy the requirements set by the legislature, and should not be  
permitted to circumvent the legal processes in place.

1 registered at this address, and two specifically note that their residence is 2501 E. Fourth Street,  
2 “A.” *Id.*; Ex. B at 105-112. Three voters previously registered to this address have had their  
3 registration cancelled. *Id.*

4 With regard to 1920 Glendale Avenue, Petitioners identify the free-standing building as  
5 the current home to “All Star Rents,” and assert that “on information and belief, no one resides  
6 at this location despite it being listed as a residence on the Nevada voter roll.” *Petition* at 41. It  
7 is again unclear what the Petitioners’ objective is as this address attaches to one cancelled voter  
8 and one voter who has already been moved to inactive status. Ex. A at ¶ 15; Ex. B at 113-114.  
9 Similarly, Petitioners contend that “on information and belief,” no one resides at 218 Vassar  
10 Street. *Petition* at 19-20. The voter registered at this address was previously made inactive in  
11 the ordinary course of Washoe County’s voter registration list maintenance. Ex. A at ¶ 17; Ex.  
12 B at 115.

13 This is not an exhaustive review of the addresses submitted by Petitioners, but rather  
14 evidence that this private-party list of addresses compiled by unidentified “site visitors” based  
15 “on information and belief” regarding the nature of a building, is not reasonable or reliable  
16 information available to the Registrar to determine whether an unnamed registered voter’s  
17 current residence is other than that indicated on the voter’s application to register to vote. Many  
18 of the addresses provided simply confirm the registration has already been cancelled or that the  
19 voter has already been marked as inactive status in the ordinary course of the Registrar’s list  
20 maintenance activities, it is not reasonable or reliable to utilize this information to take action to  
21 correct the list, as contemplated by NRS 293.530. *See* Ex. A.

22 It is important to note that the NVRA and state law place strict limitations on when a  
23 state may cancel a voter’s registration. 52 U.S.C. § 20507(a)(3-4), (b-d); NRS 293.540; NRS  
24 293.541. Aside from these narrow bases to cancel a registration, a registered voter’s status can  
25 only be cancelled if the voter fails to respond to written notice and fails to appear to vote in the  
26 subsequent two general elections. *Id.*; NRS 293.530(c). Maintaining inactive voters on the

1 state's voter rolls is not evidence of a failure to maintain the rolls but rather a direct  
 2 consequence of the laws put in place to ensure eligible voters are not erroneously deprived of  
 3 their right to vote.

#### 4 **IV. CONCLUSION**

5 Petitioners did not comply with NRS 293.535 or NRS 293.547 to challenge the  
 6 residency of any named voter. Instead, they submitted a list of addresses to the Registrar and  
 7 demanded investigation. They have no legal right to such an investigation, and the Registrar  
 8 has no duty to act under these circumstances. NRS 293.530 specifically gives the Registrar  
 9 discretion to utilize reasonable and reliable information to confirm the residence of registered  
 10 voters. In this instance, the Registrar has determined the information provided is not reasonable  
 11 and reliable to utilize to determine discrepancies in the addresses of voters, but even if it were,  
 12 the discretion specifically granted to her by NRS 293.530 makes a writ of mandamus  
 13 inappropriate.

14 The Court has discretion to issue a writ of mandamus only to compel the performance of  
 15 an act which the law especially enjoins as a duty resulting from an office, trust or station. In  
 16 this instance, the Petition for Writ of Mandamus must be denied.

#### 17 **AFFIRMATION PURSUANT TO NRS 239B.030**

18 The undersigned does hereby affirm that the preceding document does not contain the  
 19 social security number of any person.

20 Dated this 15th day of July, 2024.

## **EXHIBIT A**

RETRIEVED FROM DEMOCRACYDOCKET.COM

## **EXHIBIT A**

**DECLARATION OF CARI-ANN BURGESS**

I, Cari-Ann Burgess, declare under penalty of perjury that the following statements are true and correct to the best of my knowledge, information, and belief:

1. I am the Washoe County Interim Registrar of Voters.

2. As the Interim Registrar of Voters, I conduct list maintenance programs relating to the registered voters of Washoe County, in accordance with state and federal law.

3. On or about June 26, 2024, following the presidential preference primary election in February of 2024 and the primary election in June of 2024, the Washoe County Registrar of Voters Office sent written address confirmation notices in accordance with the National Voter Registration Act Section 8(d)(2) and NRS 293.530(c) to over 45,000 Washoe County registered active voters in the ordinary course of performing post-election list maintenance activities. Address verification cards were sent to just over 25,000 active registered voters who were mailed ballots for the presidential preference primary and the primary election and one or both of the ballots were returned as undeliverable. Additionally, over 23,000 address verification cards were sent on or about June 26, 2024, to active registered Washoe County voters who were identified through the Electronic Registration Information Center (ERIC) system as voters that may no longer be residents of Washoe County. The ERIC database compiles death data from the Social Security Administration, subscribes to the National Change of Address data from the United States Postal Services, and compiles the voter registration and motor vehicle department data of participating states. Based on this data, ERIC assists states in identifying inaccurate or out-of-date voter registration records.

4. On or about April 11, 2024, my office received a letter from Logan Churchwell on behalf of the Public Interest Legal Foundation (hereinafter "the letter") requesting that my office immediately investigate whether a list of addresses they submitted that are "on the Nevada voter roll" are accurate and, if not, make corrections. At this time, the NVRA 90-day freeze was in place prohibiting removal of names from the voter registration list based on list maintenance projects because the primary election was less than 90-days away.

1           5.       In addition to advising Mr. Churchwell that we were within the 90-day  
2 prohibition on list maintenance projects under the NVRA, my staff notified Mr. Churchwell that  
3 an initial review of several of the addresses he provided showed no active voter registrations.  
4 This is significant because inactive or cancelled voters do not receive a mail ballot under Nevada  
5 law. It is common for inactive voters to remain on the voter registration list for extended periods  
6 because, with the exception of specific situations provided for in law including cancellation of  
7 the voter at the request of the voter or cancellation due to the confirmed death of the voter, a  
8 registration can only be cancelled after the voter receives written notice in accordance with  
9 NVRA 8(d)(2) and NRS 293.530(c) and subsequently fails to vote in the next two federal general  
10 elections.

11           6.       A list from a private party that purports to identify addresses that should not be on  
12 the list of Nevada Registered voters is not a reasonable and reliable source of information to rely  
13 on to correct the voter registration list. First, there are specific statutory requirements in place  
14 for a person to challenge the residency of another voter. Both NRS 293.535 and NRS 293.547  
15 require a person to provide an affidavit based on personal knowledge, among other requirements  
16 that the Legislature has determined are necessary to ensure reliability. Additionally, the list  
17 submitted includes nothing except addresses and fails to identify any registered voters at all.  
18 Last, after pulling up voter history reports associated with a sample of the addresses provided it  
19 was clear the list was not something reasonable or reliable to utilize to determine if voters  
20 residence was other than that included on their application to register to vote as many of the  
21 addresses identified only included registered voters who have already been changed to inactive  
22 or former registered voters who have been cancelled in the ordinary course of list maintenance  
23 activities.

24           7.       The letter identified 465 W. Second Street as an address warranting investigation.  
25 Voter history records associated with this address show that of the 21 voters that used 465 W.  
26 Second Street as their most recent residential address, the registration of 14 have already been  
cancelled and the remaining 7 have had their status changed to inactive. A true and correct copy

1 of these Voter Information Reports, as of June 20, 2024, for voters with 465 W Second Street as  
2 their last residential address are attached as Ex. B at 001-021.

3 8. The letter identified 400 E. Fourth Street as an address warranting the  
4 investigation of the Registrar. Of the 58 voters that listed this address as their most recent  
5 residential address, the registration of 50 have already been cancelled, 6 have had their status  
6 changed to inactive, and only 1 voter continues to have an active registration at this address. A  
7 true and correct copy of the Voter Information Reports, as of June 20, 2024, for voters with 400  
8 E. Fourth Street as their last residential address are attached as Ex. B at 022-079. The single  
9 active registered voter listed at this address was sent a written notice pursuant to NVRA 8(d)(2)  
10 and NRS 293.530(c) in the normal course of list maintenance activities following the June 11,  
11 2024, primary because a mail ballot sent was returned undeliverable.

12 9. The letter identifies 200 W. Fourth Street as an address being listed as a residence  
13 on the Nevada voter roll. Of the 16 voters that have listed this address as their last residential  
14 address, the registration of 13 have already been cancelled, 2 have had their status changed to  
15 inactive, and only 1 voter continues to have an active registration at this address. A true and  
16 correct copy of the Voter Information Reports, as of June 20, 2024, for voters with 200 W.  
17 Fourth Street as their last address are attached as Ex. B at 080-095. Just as occurred with the  
18 single active registered voter still registered at 400 E. Fourth St., in the ordinary course of the list  
19 maintenance activities following the primary election on June 11, 2024, the single active voter  
20 registered at 200 W. Fourth Street was identified as warranting further investigation of his  
21 address by an undeliverable mail ballot and sent a written address confirmation notice on or  
22 about June 26, 2024.

23 10. The letter requested investigation of 128 E. Sixth Street. A review of voter files  
24 that list this address as the last residential address demonstrate that three voters were previously  
25 registered at this address; however, two of those registrations have been cancelled and the other  
26 is already inactive. A true and correct copy of the Voter Information Reports, as of June 20,  
2024, for voters with 128 E. Sixth Street as their last address are attached as Ex. B at 096-098.

1           11.     The letter identified 2745 Elementary Drive as an address that warrants  
2 investigation. The only registered voter that used this address as their last residential address is  
3 already inactive. A true and correct copy of the Voter Information Report, as of June 20, 2024,  
4 for the voter with 2745 Elementary Drive as her last address is attached as Ex. B at 99.

5           12.     The letter requests investigation of 135 N. Sierra Street, A-1. All four voters that  
6 used this address as their last residential address are already inactive or cancelled. A true and  
7 correct copy of the Voter Information Reports, as of June 20, 2024, for voters with 135 N. Sierra  
8 Street, A-1 as their last address are attached as Ex. B at 100-103.

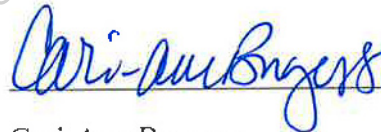

9           13.     The single voter who was registered at 1500 E. Fourth Street is already inactive.  
10 A true and correct copy of the Voter Information Report, as of June 20, 2024, for the voter with  
11 1500 E. Fourth Street as their last address is attached as Ex. B at 104.

12           14.     The letter demands investigation of 2501 E. Fourth Street. There are currently  
13 five active voters registered at this address, and two specifically note that their residence is 2501  
14 E. Fourth Street "A," suggesting the building at this address is subdivided. Three voters  
15 previously registered to this address have had their registration cancelled. A true and correct  
16 copy of the Voter Information Reports, as of June 20, 2024, for voters with 2501 E. Fourth Street  
17 are attached as Ex. B at 105-112.

18           15.     The letter identifies 1920 Glendale Avenue as an address warranting  
19 investigation; however, this address is associated with one cancelled voter and one voter who has  
20 already been moved to inactive status. A true and correct copy of the Voter Information Reports,  
21 as of June 20, 2024, for voters with 1920 Glendale Avenue as their last address are attached as  
22 Ex. B at 113-114.

23           16.     One registered voter identifies his last residential address as 218 Vassar Street.  
24 This voter was previously made inactive in the ordinary course of Washoe County's voter  
25 registration list maintenance. A true and correct copy of the Voter Information Report, as of  
26 June 20, 2024, for the voter with 218 Vassar Street as his last address is attached as Ex. B at 115.

1           17. As the Interim Registrar for Washoe County, an initial review of the letter  
2 submitted by Mr. Churchwell is not reasonable or reliable information on which I can conduct  
3 voter list maintenance. In addition to falling far short of the requirements of NRS 293.535 and  
4 NRS 293.547, which are the statutes that a private party must comply with to challenge another  
5 voter's right to vote based on the residence of the challenged voter, the information provided in  
6 the letter does not even identify registered voters but instead only addresses. An initial review of  
7 some of the addresses demonstrate the letter provides information largely duplicative of what my  
8 office has already uncovered in the ordinary course of list maintenance activities as many of the  
9 addresses identified are the last registered residential address of voters who have already been  
10 cancelled or made inactive, making it unreasonable to devote resources to further investigate this  
11 list and unreliable insofar as the purported identification of addresses requiring correction is  
12 misplaced.

Cari-Ann Burgess  
Washoe County Interim Registrar of Voters
