There is no other civil action between these parties arising out of the same transaction or occurrence as alleged in this complaint pending in this Court, nor has any such action been previously filed, and dismissed or transferred after having been assigned to a Judge.

COMPLAINT FOR DECLARATORY AND MANDAMUS RELIEF

Plaintiffs, the Ingham County Republican Party, the Michigan Republican Party ("MRP"), and Republican National Committee ("RNC"), by and through their attorneys, Smith Haughey Rice & Roegge, state as follows:

INTRODUCTION

This matter involves the City of Lansing's Election Committee's failure to fulfill its statutory obligations under MCL 168.674(2) and MCL 168.765a(2) to appoint "as nearly as possible" an equal number of election inspectors, in each election precinct, from each major political party. When representatives of the Plaintiffs attempted to investigate the issue, Defendants' agents denied their request to inspect election inspector applications, contrary to MCL 168.677.

Election inspectors play an important role in instilling confidence in our electoral process. While there may have been a shortage of Republican election inspectors in previous election cycles, Plaintiffs are making a concerted effort to work with the City of Lansing to assist in recruiting inspectors and collaboratively assist the City in fulfilling its obligations under MCL 168.674(2). To this end, Plaintiffs provided the Commission with names of 4 Republicans interested in serving as Election Inspectors in the City of Lansing for the August 2026 primary election and the November 2026 general election. Despite the GOP Ingham County Chair sending a list of candidates, and despite individuals taking the initiative to apply on their own, the Commission failed to hire a sufficient number of Republican-affiliated election inspectors to reach

RETRIEVED FROM DEMOCRACYDOCKET.COM

the "equal as possible" requirement set forth under Michigan law in the August 2026 primary election. It is imperative that this issue be resolved before Election Day.

Plaintiffs' standing to bring this action was confirmed by the Michigan Supreme Court in *Michigan Republican Party v Donahue*, 22 NW3d 564, 565 (Mich, 2025). There, the Court noted: "...given the role of major political parties, such as [MRP and RNC], in the electoral process through their affiliated inspectors and under Michigan's election laws, these parties have a unique interest in ensuring the fair and equal treatment of party-affiliated candidates during voting and the counting of ballots, which is fulfilled through party-affiliated election inspectors." *Id.* at 566.

THE PARTIES, JURISDICTION, AND VENUE

1. Plaintiff Ingham County Republican Party ("GOP Ingham County") is the official county-level branch of the Republican Party in Ingham County, Michigan, dedicated to uniting local residents who support smaller government, personal responsibility, and conservative values. GOP Ingham County, through its Chair, is authorized to submit "a list of individuals who are interested in serving as an election inspector" per MCL 168.673a, and to raise challenges under MCL 168.674(3).

2. Plaintiff MRP is a "major political party" as that term is defined by the Michigan Election Law. See MCL 168.16. Formed for the general purposes of, among other things, promoting Republican values and assisting candidates who share those values with election or appointment to partisan federal, state, and local office, MRP maintains headquarters at 520 Seymour Street, Lansing, Michigan 48912. MRP brings this action on behalf of itself and its members.

3. Plaintiff RNC is the national committee of the Republican Party as defined by 52 USC § 30101(14).

RETRIEVED FROM DEMOCRACYDOCKET.COM

4. To the best of Plaintiffs' knowledge, information and belief, Defendant Election Commission of the City of Lansing ("Commission") is the entity required by MCL 168.674(1) "to make election inspector appointments from the list submitted by a major political party under MCL 168.673a." *Michigan Republican Party,* 22 NW3d at 566 (cleaned up).

5. To the best of Plaintiffs' knowledge, information and belief, Defendant Stacey Bassi is an individual citizen and resident of the State of Michigan and County of Ingham and serves on the Commission.

6. To the best of Plaintiffs' knowledge, information and belief, Defendant Gregory Venker is an individual citizen and resident of the State of Michigan and County of Ingham and serves on the Commission.

7. To the best of Plaintiffs' knowledge, information and belief, Defendant Chris Swope is an individual citizen and resident of the State of Michigan and County of Ingham and serves on the Commission.

8. This Court has jurisdiction over the parties to this action pursuant to MCL 600.701.

9. This Court has jurisdiction over the subject matter of this action pursuant to MCL 600.605.

10. Venue is proper in Ingham County pursuant to MCL 600.1615.

FACTUAL ALLEGATIONS

11. Michigan law requires election inspectors for every election. MCL 168.672.

12. Election inspectors play an essential role in Michigan elections by ensuring free and fair elections for all. They perform election duties ranging from processing voters and absentee ballots to securing voting equipment and publishing results. See e.g., MCL 168.674; MCL 168.677; MCL 168.678; MCL168.679; MCL 168.682.

13. MCL 168.677, part of the Election Law, provides that:

> (1) Except as otherwise provided in subsection (4), a precinct election inspector must be a qualified and registered elector of this state, must have a good reputation, and must have sufficient education and clerical ability to perform the duties of the office. An individual must not be appointed to a board of election inspectors unless the individual has filed an application with the county clerk or the city or township clerk in the county where the individual wishes to serve as a precinct election inspector.
>
> (2) The application must contain the applicant's name, home address, ward and precinct registration if any, date of birth, political party affiliation, education, employment, and other experience qualifications. The application must provide a certification that the applicant is not a member or a known active advocate, as that term is defined in section 674, of a political party other than the political party entered on the application. The form of the application under this section must be approved by the state director of elections. A county, city, or township clerk may allow an applicant for precinct election inspector to file an application through an online application portal or by other electronic means. The clerk shall maintain a file of applications filed under this section and make the applications available for public inspection at the clerk's office during normal business hours.

14. MCL 168.673a, also part of Michigan's Election Law provides that:

> Not later than May 15 of each year, the county chair of a major political party may submit to the city or township clerks in that county a list of individuals who are interested in serving as an election inspector in that county. The county chair may designate in

RETRIEVED FROM DEMOCRACYDOCKET.COM

the list the city or township in which each individual on the list wishes to serve.

15. MCL 168.674, again part of the Election Law, states in relevant part:

> (1) Notwithstanding any other provision of law to the contrary and subject to this section, the city and township board of election commissioners, at least 21 days before each election, but in no case less than 5 days before the date set for holding schools of instruction, shall appoint for each election precinct and early voting site at least 3 election inspectors and as many more as in the board's opinion is required for the efficient, speedy, and proper conduct of the election. The board of election commissioners may appoint as election inspector an individual on the list submitted by a major political party under section 673a who is qualified to serve under section 677. An appointment of an election inspector under this section is void if a properly completed application for that election inspector is not on file in the clerk's office as prescribed in section 677.
>
> (2) …The board of election commissioners ***shall appoint at least 1 election inspector from each major political party and shall appoint an equal number, as nearly as possible, of election inspectors in each election precinct from each major political party***. … Not later than 2 business days following the appointment of election inspectors under subsection (1) for elections in which a federal or state office appears, the board of election commissioners shall notify … the county chair of each major political party of the names and political party affiliations of appointed election inspectors and the precincts to which those election inspectors were appointed….
>
> (3) The county chair of a major political party may challenge the appointment of an election inspector based on the qualifications of the election inspector, the legitimacy of the election inspector's political party affiliation, or whether there is a properly completed declaration of political party affiliation in the application for that election inspector on file in the clerk's office…. (Emphasis added.)

16. "Through these provisions, the Legislature has ensured that the major political parties have a role in suggesting who may be appointed to serve as election inspectors – a special

RETRIEVED FROM DEMOCRACYDOCKET.COM

right and substantial interest in ensuring that the electoral process meets the partisan parity mandate...." *Michigan Republican Party,* 22 NW3d at 566.

17. "The significant role played by the major political parties in this area of election law supports the conclusion that they have a unique interest, distinct from the general public, in asserting a challenge if a board of election commissioners" did not "appoint an equal number, as nearly as possible, of election inspectors ... from each major political party...." *Id.*, citing MCL 168.674(2). "[S]ince [the MRP and RNC], through their county chair, can submit a list of individuals for appointment ... [t]here can be no doubt that the major political parties themselves have a sufficient interest in ensuring parity among appointed election inspectors...." *Michigan Republican Party,* 22 NW3d at 566.

18. On May 15, 2026, Plaintiffs – acting through the GOP Ingham County Chair – sent an e-mail to Defendant Swope providing the Commission with names of four Republicans interested in serving as Election Inspectors in the City of Lansing for the August 2026 primary election and the November 2026 general election. **Ex. 1-A**.

19. Despite the GOP Ingham County Chair sending a list of candidates, and despite individuals taking the initiative to apply on their own, the Commission failed to hire a sufficient number of Republican-affiliated election inspectors to reach the "equal as possible" requirement set forth under Michigan law in the August 2026 primary election. Indeed, based on the list of election inspector appointees for the August primary election provided by the City of Lansing, **Ex. 1-B**, the following ratio of Democrat to Republican appointees falls far short of the partisan parity required under Michigan law:

> Election Day Polling Places: 140 Democrats, 71 Republicans, 3 Libertarians

RETRIEVED FROM DEMOCRACYDOCKET.COM

Early Voting Polling Places: 28 Democrats, 16 Republicans

Receiving Board: 15 Democrats, 11 Republicans

Absent Voter Count Boards: 20 Democrats, 22 Republicans.

20. The City of Lansing had an unequal number of election inspectors from the Republican and Democratic parties, and the number could have been more equal had the Commission hired the individuals who applied or were provided to the Commission by the GOP Ingham County Chair. As a result, the Commission did not comply with Michigan Election Law's partisan-parity requirement during the August 2026 primary election.

21. In light of the Commission's inability to achieve parity in the August primary, Thomas Nemcek—Deputy Election Integrity Director for the MRP—visited the Lansing Elections Department, located at 701 W Jolly Road, Lansing, MI 48910, on September 2, 2026. See **Ex. 2, Mr. Nemcek's Affidavit.**

22. On that date, Mr. Nemcek asked Clerk Jennifer Smith-Zande to inspect the Election Inspector Applications from the August 4, 2026 primary election. See **Ex. 2.**

23. Ms. Smith-Zande informed him that the applications were all stored in a large file cabinet in the back room that the public was not allowed to access. See **Ex. 2.**

24. Ms. Smith-Zande offered to check on particular applicants, if Mr. Nemcek could provide specific names to her. See **Ex. 2.**

25. Mr. Nemcek asked her to check for applications from the following individuals: Kathy Bratschi, Susan Holmes, Kathleen Langschwager, Jennifer Long, and Gary Nicola. See **Ex. 2.**

26. Ms. Smith-Zande disappeared into the back room for several minutes, then returned with a folder and said that the only person who worked the August Primary was Kathy Bratschi.

RETRIEVED FROM DEMOCRACYDOCKET.COM

She stated that she had invited Kathleen Langschwager, Jennifer Long, and Gary Nicola to training, but none of them responded. She did not have any information on Susan Holmes. See **Ex. 2.**

27. Ms. Smith-Zande claimed that their process is to have individuals fill out the application *after* they show up for and attend training. See **Ex. 2.**

28. Ms. Smith-Zande would not disclose any of the applications (even for Kathi Bratschi, who served as an election inspector for the August Primary). See **Ex. 2.**

29. Ms. Smith-Zande's handling of Mr. Nemcek's September 2, 2026 inquiry was contrary to MCL 168.677, which requires that the inspector applications be made available for public inspection. See MCL 168.677(2) ("The clerk shall maintain a file of applications filed under this section and make the applications available for public inspection at the clerk's office during normal business hours.").

30. In light of the quickly approaching November general election, on September 28, 2026 Plaintiffs respectfully requested the Commission's cooperation in satisfying the partisan parity requirement. **Ex. 1**.

31. That letter explained: "The GOP is committed to helping the Commission meet the law's requirements. With that in mind, the GOP respectfully requests that the Commission take the following actions – or, at the very least, commit to taking the following actions – by 12:00pm on Friday, September 25, 2026 [sic[1]]:

> - Appoint as election inspectors for the upcoming November 2026 general election the individuals set forth in the appended list. **[Ex. 1-A.]**

[1] Because the letter was dated September 28, Defendants could reasonably infer that this meant 12:00 p.m. the following Friday, which was October 2, 2026. None of the Defendants asked for clarification.

RETRIEVED FROM DEMOCRACYDOCKET.COM

- Work closely with the GOP County Chair, who will provide further lists of Republican-affiliated individuals who are interested in serving as election inspectors;

- Confirm the appropriate point of contact for those interested in serving as an election inspector, and also the appropriate point of contact for the GOP as additional Republican-affiliated applicants are identified. Please confirm that individual's contact information.

- As you are likely aware, Democracy MVP is the state of Michigan's nonpartisan election worker recruitment initiative. Managed by the Michigan Department of State, Democracy MVP provides a central, online platform where interested individuals can fill out an "interest form" to express their desire to serve as an election inspector. In turn, local units of government such as Lansing can then access those submissions through the Democracy MVP program for the purpose of hiring election inspectors. In short, Democracy MVP is a logistical aid to assist jurisdictions such as Lansing in reaching the partisan parity among election inspectors as required by Michigan law.

  The GOP understands that additional Republicans have submitted interest forms through Democracy MVP for the purpose of serving as an election inspector within Ingham County, yet those individuals have not been contacted by the City of Lansing. By way of example only, the list attached here **[Ex. 1-C]** shows 32 individuals that are affiliated with the Republican Party, live in Ingham County, are registered voters, and are qualified to serve as election inspectors. Each of these people have consented to their information being provided to a local election clerk and have agreed that an election official may contact them to serve as an election inspector. Moreover, because this list is based on data from July, there are undoubtedly many more GOP-affiliated election inspector leads that have submitted their interest through Democracy MVP over the last two months.

- With that in mind, the GOP requests that the City of Lansing utilize Democracy MVP for its intended purposes, and that it contact those individuals that have submitted their interest forms through Democracy MVP;

- Take affirmative actions to recruit additional Republican election inspectors, including but not limited to educating City staff about the requirement to recruit and appoint Republican

RETRIEVED FROM DEMOCRACYDOCKET.COM

inspectors, and publicly posting a call for Republicans to volunteer to serve as inspectors;

- Assist each prospective Republican election inspector that contacts the City to inquire about serving in that role in a manner consistent with this Commission's ongoing duty under MCL 168.674(5), rather than turning those individuals away;

- Cease accepting prospective Democrat election inspectors in order to permit the above-referenced actions an opportunity to work toward a more equal balance of Republican and Democrat election inspectors as required under Michigan law. **Ex. 1, pp 2-3.**

32. Defendants did not respond to Plaintiffs' September 28, 2026 correspondence.

COUNT I: DECLARATORY JUDGMENT

33. Plaintiffs incorporate the preceding paragraphs by reference.

34. Defendants are required by Section 674(2) of the Election Law to "appoint at least 1 election inspector from each major political party" and "an equal number, as nearly as possible, of election inspectors" in each election precinct from each major political party.

35. In connection with the August 4, 2026 primary election, the Commission appointed approximately 203 Democrat election inspectors and only approximately 120 Republican election inspectors, resulting in Election Day Polling Places, in particular, to have a 2:1 ratio of Democrats to Republicans.

36. The City of Lansing had an unequal number of election inspectors from the Republican and Democratic parties, and the number could have been more equal had the Commission hired the individuals who applied or were provided to the Commission by the GOP Ingham County Chair.

37. This violated the Commission's statutory duty to "appoint at least 1 election inspector from each major political party … in each election precinct…."

RETRIEVED FROM DEMOCRACYDOCKET.COM

38. There is an actual controversy between the parties as to whether the Defendants complied with their statutory obligations in appointing election inspectors in connection with the August 2026 primary election.

39. This problem was exacerbated by Defendants' refusal to allow Plaintiffs' representative to inspect the inspector applications on September 2, 2026, contrary to MCL 168.677(2). To satisfy its statutory obligations for the November 2026 election, Defcndants must allow inspections of inspector applications in accordance with that provision.

WHEREFORE, Plaintiffs request that the Court declare the rights of the parties and enter an order pursuant to MCR 2.605 stating that:

A. Defendants' refusal to allow Plaintiffs' representatives to inspect the inspector applications, such as what occurred on September 2, 2026, violates MCL 168.677(2).

B. Defendants' failure to appoint Republican applicants who are qualified under Section 677 of the Election Law, and instead appointing a disproportionate number of Democrats as election inspectors, violates Defendants' duty under MCL 168.674(2) to appoint an "equal number as nearly as possible" of election inspectors from each major political party;

C. Defendants must appoint an "equal number as nearly as possible" of election inspectors from each major political party under MCL 168.674(2) and, to ensure compliance with that provision, Defendants must implement the practices and procedures outlined in Plaintiffs' September 28, 2026 correspondence (**Ex. 1, pp 2-3**) and described in Paragraph 31 above.

RETRIEVED FROM DEMOCRACYDOCKET.COM

COUNT II: WRIT OF MANDAMUS

40. Plaintiffs incorporate herein by reference the allegations contained above as if fully set forth herein.

41. A writ of mandamus is appropriate when (1) the plaintiff has a clear legal right to the performance of the specific act sought to be compelled; (2) the defendant has a clear legal duty to act in the manner requested; and (3) the act to be compelled is ministerial. See *Citizens for Higgins Lake Legal Levels v Roscommon Co Bd of Comm'rs*, 341 Mich App 161, 178-179 (2022).

42. Under Section 674(2) of the Election Law, a county board election commissioner is required to "appoint at least 1 election inspector from each major political party and shall appoint an equal number, as nearly as possible, of election inspectors in each election precinct from each major political party." MCL 168.674(2).

43. Plaintiffs have a clear legal right to performance of Defendants' duty.

44. Defendants' duty to "appoint at least 1 election inspector from each major political party" and "an equal number, as nearly as possible, of election inspectors" in each election precinct from each major political party is ministerial and does not involve the exercise of discretion, especially when Republican applicants are qualified and willing to serve.

45. Plaintiffs do not possess another legal or equitable remedy that might achieve the same result as a Writ of Mandamus.

RETRIEVED FROM DEMOCRACYDOCKET.COM

WHEREFORE, Plaintiffs request that the Court issue a Writ of Mandamus:

A. Directing the Defendants to implement appropriate practices and procedures to ensure the appointment of an equal number, as nearly as possible, of Republican and Democrat election inspectors; including:

i. Within fourteen (14) days after receiving a list of individuals who are interested in serving as election inspectors in the City of Lansing from a county, state, or federal major political party, contact; which includes a medium that allows delivery confirmation, such as email or other electronic means; all individuals identified on those lists and providing them with all the required application materials and copying the major party political party official who submitted the list on such communications;

ii. Within fourteen (14) days after receiving a list from a county, state, or federal major political party, provide notice to the major political party official who submitted the list of the individuals who have not responded, so that contact information can be verified and the major political party can assist the individuals in submitting the necessary information to the City of Lansing;

iii. Treat nominees and appointed inspectors (including perennial inspectors) from different major political parties equally throughout the process, including in filling leadership positions among election inspectors within precincts;

iv. If all inspector slots are filled but there continues to be precincts with either no member of one of the major political parties appointed or precincts with a more-than-one-inspector discrepancy in partisan parity, appoint additional qualified inspectors from the major political party that is underrepresented for each precinct until all precincts meet the parity requirements under the Election Law;

v. Review lists of additional names of prospective election inspector submitted by officials from a major political party and pursue those inspectors until three (3) days before the deadline for appointment; and,

vi. If any applicant is not appointed, state in writing the reason that the applicant was not appointed.

B. Directing the Defendants to make available for inspection the above-referenced inspector applications as required by MCL 168.677(2), which will allow Plaintiffs to verify that Defendants are in fact appointing an appropriate number of qualified Republican applicants.

C. Granting any other relief that the Court deems just.

Respectfully submitted,

RETRIEVED FROM DEMOCRACYDOCKET.COM

Dear Commissioners,

As Election Integrity Counsel to the Republican National Committee (the "GOP"), I write to you in your capacity as members of the Lansing Election Commission (the "Commission") regarding the insufficient number of Republican-affiliated election inspectors appointed by the Commission to serve as inspectors during the August primary election. Given the GOP's efforts to recruit election inspectors in the City of Lansing, the purpose of this letter is to provide assistance to the City of Lansing in connection with the City's statutory duty to appoint an equal number of inspectors from each major political party.

Given the gravity of this issue, I have provided a summary of relevant Michigan Election Law and a proposed plan of action to help the Commission comply with Michigan Election Law. The GOP is committed to working with the Commission to ensure the partisan-parity requirement in Michigan Election Law is met, and it hopes and trusts the Commission is interested in meeting the same.

Michigan law requires this Commission "**shall** appoint an equal number, as nearly as possible, of election inspectors in each election precinct from each major political party." MCL 168.674(2) (emphasis added). Likewise, the Commission's legal duty to appoint an equal number of election inspectors from each major political party also applies with equal force to Lansing's Absent Voter Counting Boards ("AVCBs"). *See* MCL 168.765a(2) (providing that the requirements for the appointment of equal numbers of election inspectors from each major political party, among other requirements under section 674, "apply to the appointment of election inspectors to [AVCBs.]"). And, similarly, the Commission's legal duty to appoint an equal number of election inspectors from each

major political party also applies with equal force to Lansing's Receiving Boards. *See* MCL 168.679a(1)-(2) (same).

Importantly, the Commission's legal duty to appoint an equal number of election inspectors from each major political party to each election precinct, and to each AVCB, and to each Receiving Board runs through Election Day. *See* MCL 168.674(2).

Election inspectors play an important role in instilling confidence in our electoral process. While there may have been a shortage of Republican election inspectors in previous election cycles, the GOP is making a concerted effort to work with the City of Lansing to assist in recruiting inspectors and collaboratively assist the City in fulfilling its obligations under MCL 168.674(2). To this end, the GOP, acting through the GOP Ingham County Chair, provided the Commission with names of 4 Republicans interested in serving as Election Inspectors in the City of Lansing for the August 2026 primary election and the November 2026 general election. That list is attached hereto as **Exhibit A**.

Despite the GOP Ingham County Chair sending a list of candidates, and despite individuals taking the initiative to apply on their own, the Commission failed to hire a sufficient number of Republican-affiliated election inspectors to reach the "equal as possible" requirement set forth under Michigan law in the August 2026 primary election. Indeed, based on the list of election inspector appointees for the August primary election provided by the City of Lansing, attached hereto as **Exhibit B**, the following ratio of Democrat to Republican appointees falls far short of the partisan parity required under Michigan law:

RETRIEVED FROM DEMOCRACYDOCKET.COM

Election Day Polling Places: 140 Democrats, 71 Republicans, 3 Libertarians

Early Voting Polling Places: 28 Democrats, 16 Republicans

Receiving Board: 15 Democrats, 11 Republicans

Absent Voter Count Boards: 20 Democrats, 22 Republicans

The City of Lansing had an unequal number of election inspectors from the Republican and Democratic parties, and the number could have been more equal had the Commission hired the individuals who applied or were provided to the Commission by the GOP Ingham County Chair. As a result, it appears the Commission did not comply with Michigan Election Law's partisan-parity requirement during the August 2026 primary election.

In light of the quickly approaching November general election, the GOP respectfully requests the Commission's cooperation in satisfying the partisan parity requirement. The GOP is committed to helping the Commission meet the law's requirements. With that in mind, the GOP respectfully requests that the Commission take the following actions—or, at the very least, commit to taking the following actions—by 12:00pm on Friday, September 25, 2026:

- Appoint as election inspectors for the upcoming November 2026 general election the individuals set forth in the appended list. *See* **Exhibit A**;

- Work closely with the GOP County Chair, who will provide further lists of Republican-affiliated individuals who are interested in serving as election inspectors;

- Confirm the appropriate point of contact for those interested in serving as an election inspector, and also the appropriate point of contact for the GOP as additional Republican-affiliated applicants are identified. Please confirm that individual's contact information.

- As you are likely aware, Democracy MVP is the state of Michigan's nonpartisan election worker recruitment initiative. Managed by the Michigan Department of State, Democracy MVP provides a central, online platform where interested individuals can fill out an "interest form" to express their desire to serve as an election inspector. In turn, local units of government such as Lansing can then access those submissions through the Democracy MVP program for the purpose of hiring election inspectors. In short, Democracy MVP is a logistical aid to assist jurisdictions such as Lansing in reaching the partisan parity among election inspectors as required by Michigan law.

  The GOP understands that additional Republicans have submitted interest forms through Democracy MVP for the purpose of serving as an election inspector within Ingham County, yet those individuals have not been contacted by the City of Lansing. By way of example only, the list attached here as **Exhibit C** shows 32 individuals that are affiliated with the Republican Party, live in Ingham County, are registered voters, and are qualified to serve as election inspectors. Each of these people have consented to their information being provided to a local election clerk and have agreed that an election official may contact them to serve as an election inspector.[1] Moreover, because this list is based on data from July, there are undoubtedly many more GOP-affiliated election inspector leads that have submitted their interest through Democracy MVP over the last two months.

  With that in mind, the GOP requests that the City of Lansing utilize Democracy MVP for its intended purposes, and that it contact those individuals that have submitted their interest forms through Democracy MVP;

Dear Clerk Swope,

As you are aware, MCL 168.673a allows the county chair of a major political party to submit a list of individuals who are interested in serving as an election inspector for the upcoming August primary and November general elections. MCL 168.674 states that the clerk and board of election commissioners must appoint at least one election inspector from each major political party at each election precinct and early voting site, and shall appoint an equal number, as nearly as possible, of election inspectors from each major political party.

As the County Chair of the Ingham County Republican Party, we are submitting a list of 4 individuals who have indicated to us their interest in serving as an Election Inspector. We kindly request you contact the individuals on the submitted list, as well as reach out to additional Republicans, to train and hire them to work the upcoming election to ensure you are in compliance with MCL 168.674.

List of Submitted Election Inspector Applicants (4):

AFFIDAVIT OF THOMAS NEMCEK

I, Thomas R. Nemcek, being first duly sworn, deposes and states as follows:

1. I make this affidavit on personal knowledge.

2. I can testify to the matters contained in this affidavit if I am called to do so.

3. I am, at all times relevant to this action was, Deputy Election Integrity Director for the Michigan GOP.

4. In that capacity, it came to my attention that during the August 4, 2026 Primary Election, the City of Lansing had an unequal number of election inspectors from the Republican and Democratic parties.

5. I was concerned that the number could have been more equal had the Election Commission of the City of Lansing ("Commission") hired individuals who applied, or whose names had previously been provided to the Commission by the GOP Ingham County Chair.

6. In an effort to determine whether the Commission complied with Michigan Election Law's partisan-parity requirement during the August 2026 Primary Election - and to help ensure that the Commission complies during the November 2026 General Election – I went to the Lansing Elections Department, located at 701 W Jolly Road, Lansing, MI 48910, on September 2, 2026

7. On that date, I asked Clerk Jennifer Smith-Zande to inspect the Election Inspector Applications from the August 4, 2026 primary election.

8. Ms. Smith-Zande told me that the applications were all stored in a large file cabinet in the back room, which I was not allowed to access.

9. Ms. Smith-Zande offered to check on particular applicants, if I could provide specific names to her.

10. I asked her to check for applications from the following individuals: Kathy Bratschi, Susan Holmes, Kathleen Langschwager, Jennifer Long, and Gary Nicola.

11. Ms. Smith-Zande disappeared into the back room for several minutes and then returned with a folder.

12. She said that the only person who worked the August Primary was Kathy Bratschi.

13. She stated that she had invited Kathleen Langschwager, Jennifer Long, and Gary Nicola to training, but none of them responded.

14. She did not have any information on Susan Holmes.

15. Ms. Smith-Zande claimed that their process is to have individuals fill out the application *after* they show up for and attend training.

16. Ms. Smith-Zande would not disclose any of the applications (even for Kathi Bratschi, who served as an election inspector for the August Primary).

17. This seemed contrary to my understanding of MCL 168.677(2) which requires that the inspector applications be made available for public inspection.

18. Further affiant sayeth naught,
